Freedom Is Sought by Earl Long Governor Denies Claim of Family

iana Gov. Earl K. Long, who claims members of his family railroaded him into a Texas mental clinic, goes to court today in an effort to win his freedom.

"I'm no more crazy than you are," Long shouted from his second-floor window in John Sealy Hospital here Sunday night.

The 63-year-old governor, who has been confined here two weeks, seeks his freedom on a writ of habeas corpus. A sanity hearing is scheduled Tuesday.

"They led me in here in handcuffs," Long yelled to James McLean, Louisiana Capitol correspondent for The Associated Press, McLean and Margaret Dixon, managing editor of the Baton Rouge Morning Advocate. With them were Emile Comar of the New Orleans States and Bill Lynch of the Shreveport Times.

"They wanted to kill the loan shark bill," yelled Long. "They wanted to pass the sales tax. They wanted to kill my election bill."

Tax No Issue

The governor referred to the recent fiscal session of the Louisiana legislature. The loan-shark bill proposed a relatively minor change in the interest rate on small loans. The election bill was designed to change the state Democratic primary from Dec. 5 to 19. The sales tax Long mentioned was not an issue. The other two bills died.

Long said he would call a special session of the Legislature to revive the bills.

Psychiatrists at John Sealy Hospital never have publicly classified Long's mental illness. The governor has indicated he was persecuted in that he was drugged at the mansion in Baton Rouge, strapped to a stretcher, hustled to an ambulance, and flown to Texas.

Claims Brutality

Long said Sunday in a taped interview. "There never has been a man brutalized and handled—governor or no governor—like I've been handled."

"They really wanted to run for governor themselves," Long said in a telephone interview with Shreveport, La., television station KTBS-TV. He named Sen. Russell Long (D-La.), his nephew, Blanche Long, his wife, and Raymond Hufft, Louisiana adjutant general.

Jaycees Opening 39th Convention At Buffalo Today

BUFFALO, N. Y. (AP)—Young business and professional men by the thousands converged on Buffalo today for the opening of the 39th annual national Jaycees convention.

Over the weekend, Junior Chamber of Commerce members and their families streamed into the city by car, plane and Great Lakes ship. More automobile caravans were due to arrive today.

About 10,000 delegates were expected to be on hand for the first full convention session, a delegate party, at Memorial Auditorium tonight. Business meetings begin Tuesday.

Along with delegates came pretty girls and musical specialties, meant to emphasize the attractions of various states.

The Iowa delegation plans to give away 3,000 ears of corn during the four-day convention.

Delegates will be offered shrimp from Louisiana, wine from California, champagne from New York, vodka and orange juice from Florida and chicken legs from Arkansas.

The Kentucky delegation has brought along several southern belles to hand out mint juleps and baseball bats.

Delegates from Hawaii, the newest state, have tentatively reserved a booth for pineapple juice.

Preservation of Freedom Subject at Graduations

By The Associated Press

The heavy responsibilities that are entwined about freedom were stressed today to college graduates who stepped from quiet, ivy clad campuses into the clamor of a troubled world.

Deane W. Malott, president of Cornell University, said academic freedom, for instance, was Cornell's "most priceless possession." The responsibility of preserving it, he said, rests on those who have benefited from it.

Frederick R. Kappel, president of the American Telephone and Telegraph Co., spoke Sunday at Union College's 164th commencement. "What our freedom asks of us is much more difficult and challenging than anything a dictator could demand in any country," he told 225 graduates.

HELD IN RAID ON STILL—Two New York City men in custody of Kingston state police following a raid at Port Ewen Friday afternoon on a 250-gallon illicit alcohol still are (l-r) Lamar Faison Jr., 32, and Atlee Jordan George, 52. With the prisoners are Troopers James Kaljian, left, and Harry Foster. The alleged still operators were arraigned before U. S. Commissioner Thomas F. Saccamano, who fixed bail at \$1,000 for George and \$500 for Faison. In lieu of bail both men were remanded to Ulster County Jail to await arrival of a U. S. marshal from New York City. Thruway Mishap Fatal, Driver Held

Max Brodes, 36, of 105 Merriam Street, Rochester was fatally injured and his recent bride was severely injured Saturday afternoon when their car was struck by another car on the Thruway in the town of Rosendale. Mrs. Brodes, 32, was severely injured about the chest, back and suffered shock. Her condition was reported fair at Kingston Hospital.

Mr. and Mrs. Brodes were proceeding south on the Thruway when, state police report, a car owned by James McClung of Passaic, N. J., operated by Ronald McClung, 17, a son, overtook the Brodes car and struck it in the rear.

Way Is Explained On How Survey Is Held About Work

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—How does the government know what it's talking about when, every month, it issues figures on how many people in the previous month had or didn't have jobs?

Last week the government announced 66,016,000 people were working in May and that in the same month 3,389,000 were jobless. Did it ask questions of those almost 70 million people?

No, it couldn't, possibly. Its figures on total employed and unemployed are estimates, based on samplings. But the government thinks they are, nevertheless, amazingly accurate.

This is the main way it gets those figures.

The Census Bureau hires 600 part-time people—mostly housewives and college students—who go to 35,000 homes with prepared questions about who, among those living in each house, has a job, lost a job, or is looking for work.

That seems like a tiny sampling to come up with the announcement on the total number of people working or jobless in the United States.

But the Census Bureau says—because the questions and the locations of the houses are scientifically worked out—that a total estimate of 66,016,000 people working will not be wrong by more than 100,000.

The 35,000 homes visited by the 600 Census Bureau workers are spread over 330 sample areas in 638 counties. They are not the same every month.

Because of the way the areas are chosen—they include city and farm homes, industrial, commercial and farm areas—the government feels it has a pretty accurate picture of the whole country when the answers to the questions are analyzed.

But the Bureau of Labor Statistics, which works with the Census Bureau in reaching totals and (Continued on Page 10, Col. 1)

Somoza's Group Sure Revolt Over

MANAGUA, Nicaragua (AP)—President Luis Somoza's regime today sought proof for the Organization of American States that the young socialites who tried to topple his regime got substantial help from other Latin American governments.

Somoza's aides stepped up their efforts after the government staged a triumphal parade through the capital Sunday in a show of confidence that the small-scale, two-week-old revolt was over.

The almost bloodless coup appeared to have spluttered out with the surrender of 16 rebel holdouts who were ambushed by National Guardsmen Saturday night when they sought to buy food in a village.

The exhausted, hungry men, most of them members of prominent Nicaraguan families, were led by Pedro Joaquín Chamorro, son of a prominent publishing family and former editor of the newspaper La Prensa. Forty-six others had given up earlier in the week.

Somoza's brother, Gen. Anastasio Somoza, commander of the country's armed forces, charged that Cuba and Venezuela probably would help 75 other Nicaraguans now training in Honduras for an invasion attempt.

The victory parade celebrating the end of the revolt brought a show of popular support for Somoza. A huge crowd jammed the capital's narrow streets applauding the troops, as air force planes zoomed overhead.

Three plots to unseat Somoza have been thwarted in the past year. He was elected president a year after the assassination of his father, Anastasio, in 1956.

Weather Forecast Given to Saturday

ALBANY, N. Y. (AP)—The extended weather forecasts for New York State, prepared by the U. S. Weather Bureau, for the period from 7 p. m. today to 7 p. m. Saturday.

Eastern New York—Quite cool at the beginning, slowly moderating to around normal levels by the latter half of the week. Temperatures averaging 2 to 4 degrees below normal for the 5-day period. Another shower period is expected the latter half of the week.

Western New York—A return to weather indicated, with temperatures averaging near normal. Slowly rising temperatures throughout the period, with showers likely about Thursday or Friday. Less than one-quarter inch of rain is expected.

Temperature Normals—Normal temperatures over Upstate New York at this time of year range from overnight lows in the middle 50s to low 60s, to afternoon highs in the middle 70s to low 80s.

27 Die Over Weekend on State Roads

ALBANY, N. Y. (AP)—The highway death toll skyrocketed to 27 for the weekend in New York State, higher even than the 19 deaths over the Memorial Day weekend.

Almost three-fourths of those killed were in one-car accidents. More than half of the victims were in the 16-25 age bracket.

There were five drownings between 6 p. m. Friday and midnight Sunday.

Other mishaps claimed three victims.

Total Reaches 35
The number of accidental deaths thus totaled 35, compared with the Memorial Day weekend's 31 total.

The highway toll included eight victims in two accidents in the western part of the state.

Four lives were lost Saturday when a car struck a tree and rolled down an embankment near Jamestown. The victims were James R. Martenson and Clyde Cummings, both 18, and Gary Solinger and William G. Brown, both 19, all of Jamestown.

Four other persons, all from Rochester, also were killed Saturday in a two-car collision at North Chili, near Rochester.

Had Been Swimming
The victims were Richard Roberts, 27, Miss Beverly Masie, 24, Mrs. Margaret Trapane, 19, and Earl L. Gulick, 28. They had been on a swimming party and some were still in bathing suits.

At Saugerties Saturday, Franklin H. Nikola Jr., 17, of Highland Falls, was crushed to death when a violent wind toppled a ferris wheel he was operating. Nikola had just shooved several children to safety.

Other deaths:
Cornell — Harold E. Decker, 49, of Watkins Glen, his car left the road and rolled over 12 miles north of Cornell Friday.

Lawrenceville — Frank R. Belinger, 50, Fultonville, car hit a tree Saturday.

Clyde — W. H. Herman, 42, Rochester, drowned when he jumped into the Barge Canal Saturday to help a body in the water.

Youth Dies in Area Carnival Accident

A heroic 17-year-old youth died at a firemen's carnival Saturday afternoon when a sudden storm of hurricane proportions hit Saugerties, toppling a ferris wheel, injuring seven children and hospitalizing four, Saugerties police reported.

Carnival officials said that damage was estimated at \$10,000 to \$15,000.

Crushed Under Wheel
Franklin H. Nikola Jr., of Highland Falls was crushed under the 30-foot ferris wheel he operated for the Connecticut Amusement Supply Company of Unionville, Conn.

Eyewitnesses told of the youth's heroic efforts to shove a number of children away from the falling wheel he had been attempting to cover a part of it when the storm broke.

Four Are Injured In City Accidents, 2 Drivers Booked

Four persons were injured in three city traffic mishaps over the weekend and two drivers were booked on charges.

Elbert Rodney Carey, 29, of 42 Stephan Street, was charged with leaving the scene of a reported accident at Stephan Street and Foxhall Avenue early Sunday and Charles Pugliese, 69, of RD 1, Box 236, Kingston, was charged with driving the wrong way on West Pierpont Street after a mishap reported there at the intersection of Hone Street at about noon Sunday.

Attorney Joseph D. Saccamano appeared for Carey before Special City Judge Arthur B. Ewig today and the case was put over to July 9. Pugliese was fined \$5.

The Carey car, police said, was involved in a mishap with one owned by James R. Bell, 36, of 42 Teller Street. Carey, the report said, reported a body in the car and was to be treated by a doctor.

A car owned and operated by Meyer Basch, 43, of 113 Hone Street, was involved in a mishap at the intersection of Hone Street and Broadway early Sunday.

Child Is Lost in Bad Storm

Believe Youngster Might Be in Woods

Four busloads of men from Stewart Field and skin divers joined the search today for five-year-old David Raleigh of Fayetteville who is believed to have lost his life Saturday in Winnisook Lake in the Catskills. As the search of the lake was being made other men were searching the heavily wooded area in hopes the lad may have become confused and wandered off on one of the numerous trails which abound in the area.

Assisting in the search was a large force of state police, sheriff's men, Civil Defense workers, Boy Scouts, volunteer firemen and neighborhood residents. The area around the lake is heavily wooded and the lad may have become confused and took the wrong trail to the hunting lodge where he and his father and mother, Mr. and Mrs. Stewart Raleigh were spending the weekend.

Shortly after 7:30 o'clock Saturday evening Mr. and Mrs. Stewart Raleigh and their son, David Raleigh, were on the lake when a severe storm blew up. They had arrived Friday for a weekend at Winnisook and had spent the afternoon fishing on the lake.

When the storm broke the lad was told to run to the house while the boat was being moored at a dock. The boy was last seen standing on the wharf beside the lake.

Returning to the house the lad was missed. It had been presumed by the parents that he had gone to the house which is located some 200 feet from the lake. The lake is reported to be from 20 to 30 feet at the deep points.

Search Launched
State Police were notified and a search was instituted. When no trace of the lad was found two small ponds in the area were drained without results and today a search of Winnisook Lake was in progress as hundreds of searchers combed the adjacent woodland. In the area the woods is very thick and there are numerous ledges and cliffs.

Last evening after the area had become quiet state police and sheriff's men continued to comb the area listening for any sounds or cry from the missing lad.

Rackets Inquiry Forced Attorney To Quit Office

GARY, Ind. (AP)—Metro Holovachka quit under fire as deputy prosecutor of Lake County (Indiana) Sunday after issuing a bitter blast at the special Senate committee which sought to link him to organized crime in the county.

"I can no longer tolerate the abuse which has been heaped on me and my community," declared the 30-year-old prosecutor.

Denouncing rackets probes insinuations he received hundreds of thousands of dollars in protection money from crime syndicate bosses, Holovachka maintained he had not taken "one thin dime" from gamblers or hoodlums.

Immediately after Holovachka's announcement, his boss, Prosecutor Floyd Vance accepted the resignation and then fired all three investigators in his office. "I want to start with a clean slate," he said.

Irate Citizens
Holovachka, a veteran Democrat who served six years as prosecutor, made his announcement on a Chicago television program which was taped Friday. Irate Gary citizens had been demanding his ouster for days and the resignation was made on the eve of a mass meeting called to boom their efforts.

Jurors Decide Brutality Missing in Co-ed Attack

By HENDRIX CHANDLER

TALLAHASSEE, Fla. (AP)—The jury which convicted four white youths for the mass rape of a Negro co-ed decided against the death penalty because there was no evidence of brutality, the jury foreman said Sunday night.

A. H. King, a Tallahassee plantation owner, described how the verdict was reached as an atmosphere of calm returned to Florida's capital city after weeks of tension.

King said that "on the basis of the testimony before us there was evidence of threats with a gun and knife but no brutality was involved."

The foreman said the case was decided on "the law and the evidence" without any consideration of race.

"We would have returned the same verdict if the defendants had been four Negroes," King said.

Four Negroes are awaiting execution in the state prison for raping white women.

One Negro pastor said refusal of the all-white male jury to send the four to the electric chair would give Negroes charged with rape a double standard talking point at their trials.

Dr. A. Joseph Reddick, pastor of the Bethel A.M.E. church and a former state president of the National Assn. for Advancement of the Colored People, said it was his opinion the decision against a death penalty resulted from "ingrained prejudice by a white jury."

Reddick said the verdict represented "a victory for the law" (Continued on Page 10, Col. 4)

Strong Perfume Described At Liberace Libel Trial

Airmen,

direction of Major H. Edgar Timmerman, director of CD, continued the search and bloodhounds from the Hawthorne state police barracks were brought to the scene.

This morning four bus loads of men from Stewart Field joined in the search.

Several Trails

Leading from the wharf is a trail leading to the house but off this trail are several other trails which run into the heavily wooded area.

After two small ponds in the area were drained without results attention was directed to the lake and efforts were made to draw off that water, however, a broken valve prevented draining the lake and grappling was begun.

Later equipment from the Board of Water Supply at New York was brought to the scene and an underwater light was being used to search the bottom of the lake. The water is said to be extremely clear.

When the lad's disappearance was reported Saturday evening it was believed the lad had wandered away in the woods and the search of the area was continued until dark.

During the night, hampered by darkness the search was continued. During the night temperatures were close to freezing.

Force Increased

Sunday morning the force was augmented by volunteers and Sheriff Bell sent a force of fifteen deputies under Sheriff Vredenburg and County Identification Officer Earl Conroy to the scene.

Volunteer firemen from Pine Hill, Phenicia, Olivera, Big Indian, Fleischmanns, Claryville and Shandaken joined the search and as the day progressed additional men joined the search.

When there was no trace found of the lad in the woods attention was turned to the lake and grappling was started.

During the day and all last night the search continued. The weary men were served with hot coffee and sandwiches by Women's Auxiliaries of the fire companies.

Area Searched

Winnisook Lake is located high on the mountain some 15 miles from Phenicia in the Olivera Valley. The entire area about Slide Mountain was being combed today in the hope the lad had wandered off on an unfamiliar trail. Hope was still being held today that the lad had become confused and taken a wrong trail. The lodge where the Raleigh family was staying is located only 200 feet from the lake but was not visible from the point where the lad disappeared.

Three-Year-Old Suffers Injury In Power Mower

Eara Fisher, three-year-old daughter of Mr. and Mrs. Byron Fisher of Katsbaan is in Kingston Hospital in apparently good condition today suffering from a foot injury caused by a power lawn mower.

Officer Jack Washburn of Saugerties police said Trooper R. A. Miller of the Thruway department brought the girl in about noon on Saturday asking directions to the nearest doctor.

The girl was given first aid in the office of Dr. Herman Ash and then was taken to Kingston Hospital where she underwent surgery.

Officer Washburn said the infant was suffering from a severed tendon when her foot got caught in a power mower.

Bushmen to Vie For Championship In Bicycle Race

The Bushmen of Saugerties, will be out in force this Sunday at 2:30 p. m., to vie for the Saugerties bicycle championship. The Bushmen are the community spirited citizens who are growing beards to call attention to the July 4 celebration sponsored by the Jaycees.

The Bushmen's bicycle race will not be a speed race. Timing and judgement will be the ingredients of the winner. Basically, the rules of the contest will be to cover a certain number of laps of the course closest to a specified time. Only the coming, Joseph DiDomenico, George Duffy and Dr. Richard Messina know the number of laps and time.

This information will be made known to the entrants immediately prior to the race so that no one can gain an advantage by going over the course beforehand.

The course of the race will be east on Main Street, south on Partition Street, west on Jane Street and north on West Bridge Street.

Supervisor Peter Williams and Mayor George Holmes have consented to officiate at the race and eliminate those entrants with false beards. Real beards are the only prerequisite for the race.

There will be awards to the winner and the entrant with the most novel dress and bicycle. The local bearded citizenry are invited to participate by calling DiDomenico or Duffy.

The unbearded citizens are invited to give their favorite contestant encouragement and instructions as well as sharing in the fun.

Ribbon Cutting Opens Girls Club New Headquarters

Miss Barbara Lamb, president of Saugerties Girls Club and Mayor George P. Holmes officiated Sunday afternoon at the ribbon cutting opening the club's new headquarters in the former Derby House, John Street.

Members of the clergy attending, who spoke for the occasion were the Rev. George P. Werner, pastor of Saugerties Methodist Church; the Rev. Joseph F. Reynolds, new assistant at St. John the Evangelist Church, Veteran, and H. Z. Rappaport of Agudas Achaim.

The club composed of 60 active members was formed in November 1957. The five flags of the club were displayed, including the newly acquired Hudson Champlain celebration flag, and the official New York State flag. The girls club was given permission to use the building.

which was purchased by the village for future expansion of the municipal building property. The members and leaders did the remodeling and preparation of the new club rooms.

Adult leaders are Mrs. Marian Eckert and Mrs. Marita Stay. The club rooms were open for public inspection until 4 p. m. Congratulatory floral pieces were received from the Flower Garden and Overbaugh Flower Shop. Many parents and friends attended.

M-WC Auxiliary Meets to Plan Fall Card Party

Plans for a fall card party will be the main topic of discussion at the regular meeting of the auxiliary of Malden-West Camp Fire Company Tuesday, 8 p. m. at Malden fire station, it was announced by Mrs. Carl Heese Jr., president.

Reports on the success of the annual auction of the auxiliary held early this month will also be heard.

After this meeting the auxiliary will recess for the summer months, and scheduled its first meeting in the fall Tuesday, Sept. 15.

Mrs. Heese said that the auxiliary realized over \$80 at the auction.

Block Dance Heads Jaycees Listing For July 3 Events

Friday night, July 3, will be the time for the block dance in Saugerties starting the July 4 weekend.

The dance theme is early American to coincide with the Hudson Champlain celebration and the Jaycees hope to see many to the dance in colonial fashions. Music for the dance will be supplied by Bascom Dillon and his Hudson-Champlainers.

The judging of the beards grown by the Saugerties bushmen will take place on Friday evening also. There will be awards on the basis of best-looking and longest and the judging is to be done by experts in the field.

There are still three weeks left before the board judging—plenty of time to start one. They seem to stop growing after the first two weeks anyway, a spokesman said.

Organizations planning to enter marching units or floats in the parade on July 4th are asked to contact Dr. R. J. Messina if they have not already done so. Twenty-two organizations have already indicated that they will be participating in the parade. The parade lineup is being drawn up and the Jaycees do not want to miss anyone.

Village Notes

Mr. and Mrs. Robert Shober and children, former residents of Saugerties returned from the Azores after three years. While here they are staying with Mrs. Shober's mother, Mrs. Claude Post of Post Street.

Kiwanis Club Host To Awards Winners

Winners of the annual scholarship awards from the Kingston Kiwanis Club were honored at the weekly meeting of the local service club during a program presented by James M. Tobin of the Scholarship Committee.

Kingston High School seniors of the graduating class named as winners this year were Carl Beatty, Robert Hammell, Marilyn Carpenter and Donald Kruszenski. The latter award was the Morris Samter memorial award.

In presenting the graduates, James M. Tobin revealed that the class of 1959 numbered 426 graduates and was "one of the most outstanding and challenging classes." He stated that "it has been a pleasure to work with them," and that "186 of its members are going to college which represents 15 percent above the national average."

Over 30 members of the 1959 class had won scholarships, according to Mr. Tobin who stated that this represented a total of \$150,000.

Kiwanis scholarship chairman Dr. Herbert Johnson congratulated the Kiwanis winners and explained the basis upon which this year's awards were made. He also recognized other Kingston High School honor students who were guests at the Kiwanis luncheon.

Report Several Vehicle Mishaps; Three Are Hurt

Several automobile accidents were reported by state police over the weekend.

At West Hurley Sunday a car operated by Robert Toogood, 26 of Port Ewen, and one operated by Harry Stoutenburg of West Hurley collided. Toogood received a laceration of the forehead and Anne Albrecht, 22, of Port Ewen, a passenger in the Toogood car received an injury to her forehead. Both said they would seek medical treatment from their own physicians. The Toogood car was travelling east on a curve, state police reported, and the Stoutenburg car was travelling north on Zena Road. Stoutenburg stopped and then entered Route 28 in the path of the Toogood car state police said.

Saturday night a car owned by Stephen Polk of Poughkeepsie and operated by Nellie Polk, 36, of Poughkeepsie left the highway two miles west of Highland on Route 299 when it failed to make a turn, struck a rock and ran up on the lawn of Anthony Giangrosso. The operator was arrested by Highland troopers on charges of driving while intoxicated and will have a hearing tonight before Justice of the Peace Patsy Conforti of Town of Lloyd.

A car operated by Edward Byrne, Sand Hill Road, Gardiner, and one operated by Martin Weinberg, 51, of Brookline, were in collision at the junction of Routes 44-55 and 295. Ann Brennan of Gardiner, a passenger in the Byrne car, received lacerations and abrasions. State police reported the brakes on the Weinberg car locked as the car slowed for a left turn.

Sunday morning the car of Shelton Edmunds, 56, of Marlboro, and the car of Petro Favata, 44, of Marlboro, were in collision in Marlboro. The Edmunds car was entering Route 9W from Bloom Street. After making a stop, it continued to make a left turn onto 9W. State police reported Edmunds failed to observe the other car approaching from the south. Favata suffered chest injuries and said he would consult his own physician.

made in this country," Holovachka said of the investigation by the committee headed by Sen. John McClellan (D-Ark.).

He blamed his downfall on the committee, the Gary Post-Tribune and the Women's Citizens Committee of Gary and added he was the victim of a "vicious and malicious" smear and perjury by witnesses who testified in the Senate probe.

The resignation followed a series of committee hearings in which Holovachka and his top investigator, Walter Conroy, were pictured as recipients of money for putting independent coin machine operators out of business by confiscating their machines and allowing reputed racketeers to substitute their machines instead.

Holovachka was asked how he managed to accumulate \$327,000 from 1952 to 1958—the years he served as prosecutor—on a \$12,000 salary.

At first he told the committee that information was none of its business. Later he said held in trust \$325,000 for clients in private law practice. The money was not his personally, he said.

Lightning Hits Homes in Area; Lines Damaged

An electrical storm and gusty winds left scattered damage in their wake over the weekend in county areas.

Two Kingston homes and two west of the city were reported struck by lightning, and the wind added damage in the Saugerties area beyond its tragic sweep over a carnival lot Saturday.

Most serious reported damage by lightning was to the home of Thomas C. Gorham, Rolling Meadows, and the bolt, which also struck the house of a neighbor, Charles Walczak, narrowly missed Mrs. Gorham and Mrs. Walczak, who were in their homes.

The homes of John Glass, 45 Foxhall Avenue and Clarence Hyde, 75 Clifton Avenue were also reported struck. Minor damage to wiring was reported in the former and a television set in the latter was struck as Mr. Glass was watching a program.

Scattered damage, largely due to wind, was reported by telephone and utility companies.

1 Porch Shattered

A porch on the Gorham home was badly damaged by the bolt which struck there at about 2:30 p. m. Saturday. It first hit nearby tree, followed a dog chain tied to shattered sections of the porch and its screening, and struck a pan in the stove in the Walczak home.

The Central Hudson Gas & Electric Corp. reported service cut off in a northern section of Saugerties when a tree fell, and besides damage to the tree, a wheel in the carnival ground there, a tree was uprooted in the same area.

Others were reported down at Daves and Market Street, Main Street at the rear of the John C. Sauer home, and in front of the Hartley & Lamouree Funeral Home, Main and Second Streets.

Line Shorted

The Rev. Walter Cowen, pastor of the Evangelical Lutheran Church of the Atonement, reported a power-line short circuit near the church apparently due to the wind. He notified Central Hudson.

Service was knocked out for about 100 customers for a short time due to the falling tree in Saugerties, a Central Hudson official said. Other damage was scattered in rural areas, and a spokesman for the Telephone Company also reported scattered damage out in the county, none of it serious.

Royal and Select Masters Install Lodge Officers

Lawrence C. Wilcox of Lake Katrine was elected master of Ancient City Council, 21, Royal and Select Masters at its annual assembly held in the Masonic Temple recently. Other officers elected are:

Guy P. Baker, deputy master; Claude Gorseline, principal conductor of the work; John J. Mertz Jr., treasurer; Henry J. Rover, recorded and Philip E. Kearney, trustee.

The master appointed Jay R. Kelley, chaplain; Irving H. Wilcox, conductor of the council; George E. Radcliffe, Steward and Thomas O. Brace, sentinel.

The newly elected and appointed officers were installed by Rt. Ill. Paul Jones, assisted by Rt. Ill. Philip E. Kearney as grand marshal and Ill. Frank L. Vault Jr. as grand chaplain.

Rt. Ill. Paul Jones was presented with a Certificate of Merit from the Grand Council.

The annual reports showed that the Council had enjoyed a prosperous year. A large number of the companions were present and refreshments were served at the close of the assembly.

The resignation followed a series of committee hearings in which Holovachka and his top investigator, Walter Conroy, were pictured as recipients of money for putting independent coin machine operators out of business by confiscating their machines and allowing reputed racketeers to substitute their machines instead.

Holovachka was asked how he managed to accumulate \$327,000 from 1952 to 1958—the years he served as prosecutor—on a \$12,000 salary.

At first he told the committee that information was none of its business. Later he said held in trust \$325,000 for clients in private law practice. The money was not his personally, he said.

Computer Gives Russians View Of U. S. Living
SAN FRANCISCO, Calif.—A five-ton electronic encyclopedia of facts on American life left International Airport here today—bound for Moscow.

Constructed at the San Jose, Calif. plant of International Business Machines Corporation, the "encyclopedia" is actually an electronic computer called RAMAC. It will be a key part of the United States exhibition which will be on view in Moscow's Sokolniki Park July 25 through September 5.

Placed within RAMAC's 5,000,000-character "memory" will be facts and statistics on every aspect of life in the United States. When a Russian visits the exhibit and asks, for example, a question about American education, the machine will consult its memory and print out the answer in Russian on one of four electric typewriters attached to the machine.

Vote to Settle Highland Strike At Seneca Plant
A strike at the Seneca Grape Juice Corp. plant at Highland continued today. An election will be held at the Highland Town Hall Wednesday under NLRB supervision to determine whether the employees desire to affiliate with a union.

It was reported that some time Friday during the night, a person or persons unknown to the company severely damaged 3 buses on several trucks and trailers on the property of the company, and that a door was broken in at the plant. The matter has been reported to authorities for investigation. The plant is now under 24-hour guard by deputy sheriffs.

The following statement was issued at noon today by Seneca Grape Juice Corp.

"To be fair to all our employees, not only those who have remained on their jobs, but also those employees who are out because of a strike by the International Brotherhood of Teamsters and Chauffeurs, we have requested the National Labor Relations Board to hold an election. Such an election is a democratic right even to all employees under the Federal Labor Law to decide whether or not they want to be members of any union. The election will be conducted by representatives of the United States government and under procedures established by law to permit secret balloting. We feel this is the only possible procedure the company could adopt to enable each employee to indicate his or her own personal preference."

San Francisco's Cow Palace, largest indoor arena in the West can seat more than 17,000 persons.

Winnisook Lake is located high on the mountain some 15 miles from Phenicia in the Olivera Valley. The entire area about Slide Mountain was being combed today in the hope the lad had wandered off on an unfamiliar trail. Hope was still being held today that the lad had become confused and taken a wrong trail. The lodge where the Raleigh family was staying is located only 200 feet from the lake but was not visible from the point where the lad disappeared.

SPENDTHRIFT CONGRESS

Congress, which should be "the watchdog of the Treasury," has become a spendthrift. Instead of setting a standard for the nation, it has joined the wastrels for the benefit of its own members.

E. F. HUTTON

...In 1935, Congress cost 18 million \$'s. Today, with only one more Congressman, and two new Senators, it is costing us 125 million \$'s. This is an increase of 539%.

In addition to porch renters and payroll relatives, the Senate has built a second office building, already costing more than 23 millions, and the House is building a third marble palace costing about 70 million \$'s.

All to house only 6 more "public servants" than we had only a year or two ago.

The new Senatorial white elephant was completed with mail chutes dumping letters in the kitchen! It had rubber tile floors. Senators objected, and they are being covered with thick carpets; and hundreds of oak doors are being sawed off to swing over the carpets.

The subway to the Capitol had to pierce a concrete wall put there by the contractor of the building itself! An additional 4 million \$'s has been voted.

Installed automatic elevators are being converted to manual operation. This will make jobs for patronage appointed operators! All this within a minute's walk of the Capitol. Yet we expect Congress to watch against the waste of billions!

Jaycees Gather At Buffalo for 39th Convention

BUFFALO, N. Y. (AP) — Young business and professional men by the thousands converged on Buffalo today for the opening of the 39th annual national Jaycees convention.

Over the weekend, Junior Chamber of Commerce members and their families streamed into the city by car, plane and Great Lakes ship. More automobile caravans were due to arrive today.

About 10,000 delegates were expected to be on hand for the first full convention session, a delegate party, at Memorial Auditorium tonight. Business meetings begin Tuesday.

Along with delegates came pretty girls and regional specialties. Plans to emphasize the attractions of various states.

The lowa delegation plans to give away 3,000 ears of corn during the four-day convention.

Delegates will be offered shrimp from Louisiana, wine from California, champagne from New York, vodka and orange juice from Florida and chicken legs from Arkansas.

The Kentucky delegation has brought along several southern belles to hand out mint juleps and baseball bats.

Delegates from Hawaii, the newest state, have tentatively reserved a booth for pineapple juice.

The Junior Chamber is a 200,000-member organization of men under 36 years of age. Leadership training through community service is its aim.

The Jaycees expect to keep three Red Cross bloodmobile units busy accepting blood donations throughout the convention.

Gov. Rockefeller, a two-time winner of the Jaycees' annual 10 outstanding young men award, has sent his welcome to the delegates but won't be able to attend because of a heavy schedule.

Ducklings Not So Ugly

ST. LOUIS (AP)—That old story about the ugly duckling is a slander, believes bird curator Henry Sanders of the St. Louis Zoo.

Looking over three week-old black swans at the zoo, Sanders said they have bright eyes, pearl-gray down and beaks as shiny as patent leather.

"Swans go through a teen-age period when they do not look like much," he said, "but who doesn't?"

Rocky Prepares For Emergencies

ALBANY, N. Y. (AP) — Gov. Rockefeller, pledging further steps to develop better protection against a nuclear attack, has reactivated the State Defense Council.

He appointed 12 members of the council Sunday, subject to Senate approval. They will join 11 state officials on the agency, which would help direct state activity in the event of an emergency.

The State Defense Council has been inactive for several years.

The governor is chairman of the group, whose members receive no salary. The council serves in addition to the State Civil Defense Commission, a separate agency charged with making long-range plans for defense of the state.

Rockefeller said reactivation of the council was "an important step in the effort I shall make to develop more effective protection for our citizens in the event of a nuclear attack."

The appointees include: Alfred Kirchhofer, editor of the Buffalo Evening News; James FitzPatrick of Plattsburgh, lawyer and former assemblyman; Martin B. McKneally of Newburgh, former state commander of the American Legion; and Frank A. McNamee Jr. of Loudonville, an Albany attorney.

Wagner Censured By City Servants

ELMIRA, N. Y. (AP) — Mayor Robert F. Wagner has been censured by state civil servants for not getting New York City employees more money.

The New York State Civil Service Forum claimed in a resolution Saturday that wage increases recommended to him before the city's budget was drawn up and that the funds should have been provided.

Wagner has admitted the need for raises but has said that the money was not available.

Delegates to the forum's annual meeting picked Rochester for next year's convention and re-elected all officers. John J. Dempsey of Yonkers is president.

Other resolutions called for: general salary raises for state workers in line with the cost of living; increasing sick leave and retirement benefits; compensatory time more than a 5-day week and federal income tax exemptions on money involved in pension plans. The three-day session closed Sunday.

DO YOU REMEMBER

By SOPHIE MILLER

It is difficult to describe an exhibition to someone else. Everyone has his own interests and viewpoint. What may interest me, may not interest the next one. The free public exhibition held at the Kate Walton Field House, Saturday, June 6, covered many subjects. I did not take notes but just enjoyed myself going from table to table. If any of the readers graduated from St. Mary's School and had their picture taken with the graduating class, no doubt they would have found their picture there with their classmates. St. Mary's had a fine display and several good pictures of Father Hickey as I remember him years ago.

Warren Smith and Joseph Sullivan, city historian, had a large table of pictures and scenes from old Kingston, on most every subject. For such a display, you have to have a cool day, a whole afternoon, a chair and magnifying glass and go from picture to picture with a lot of other old-timers to discuss "When I was a boy" anecdotes. They also had moving pictures or slides of old Kingston and I understand Kingston Point. For that you had to have time to sit down and watch. There was a good Indian relic display and a number of young boys were very interested in the arrowhead display.

The famous gallows from the Ulster County Court House was there, and they had a dummy hanging from it. It was too realistic for me to look closer, although I should have looked at the wooden construction. Most of the displays were in photograph form, and covered with cellophane so one could look and still not touch, which was an excellent idea.

The Robert Haines (senior in KHS) exhibit of old U and D Railroad pictures was very good. I noticed that the Indian relics were shown by the Rev. Harry E. Christians of Port Ewen. I wonder how many of those items were found there. Marie and Harry Siemsen of Sawkill, well

known folklore historians and singers, were there. No doubt many of the readers have read how they get their mail on a pulley-line over the creek. Recently someone knocked the pole down with a car, and Saturday, June 6, Marie told me the pole was still down, although she took it in her usual pleasant way.

Captain William Benson of Sleightsburg had a fine collection of relics in a glass frame of the old boating days on the Hudson. There were two models of barges there from the Feeney Boatyard. One was made by Thomas Feeney, whose son was in charge of that exhibit and the other he said, Bernard Feeney made. Both were excellent, sturdy models as real boat-builders would make. They were made of wood. Many churches had fine exhibits. The people who were there were interesting, there was City Historian, Sullivan, Harry Rigby Jr., who carries the burden of the Hudson-Champlain celebration; Albert Kurdt of the Chamber of Commerce who works with Rigby, Charlotte McGraw who arranged the show.

I was just thinking, since there are several excellent boat building concerns here and once a replica of the Clermont was built here, perhaps replicas could be gradually made of our famous boats. The hamlet of Clermont will have one of the Rip's Retreat has one of the Half-Moon. Both those are good size, not just miniature models.

Trio Injured

ROCHESTER, N. Y. (AP) — A female rock 'n' roll trio from Cleveland, the Pony Tails, were injured slightly over the weekend in the collision of two automobiles.

The crash occurred Saturday night as the girls were driving to Buffalo for a TV appearance after an engagement here. Treated at a hospital and released were Patty McCabe, 19, Toni Cistoni, 20, and La Verne Novack, 20.

Arsonist Admits Setting 28 Barn Fires at Geneva

GENEVA, N. Y. (AP) — A man held in the Ontario County jail on arson charges has admitted setting 28 barn fires, at property losses totaling about \$750,000, a detective says.

Anthony Cecere, an Ontario County detective, said Saturday the admission was made by Albert Ward, 37, of East Bloomfield, who is being held at Canandaigua.

Early last week, Cecere said, Ward admitted setting fires that destroyed at least 15 barns in Ontario, Seneca, Yates and Wayne Counties.

Cecere said Ward now has added five more destroyed barns and two damaged to the tally, extending his activities into Wyoming and Livingston Counties.

During the past 22 months, the detective said, Ward had roamed about the countryside at night setting the fires. A check of Ward's automobile speedometer showed he had traveled 122,000 miles in that period, Cecere said.

Ward's method of operation, he said, was to drive up to a barn close to a highway and hurl a flare soaked with kerosene or gasoline into the building.

After making a fast get-away in his car, Cecere said, Ward usually returned to help firemen.

Unlisted Numbers To Increase Bill

ALBANY, N. Y. (AP) — If you want an unlisted telephone number you soon will have to pay a fee of 50 cents a month.

The New York Telephone Co. says it hopes the fee will discourage persons "without a valid need for the seclusion" offered by unlisted numbers.

The Public Service Commission authorized the company Saturday to begin collecting the extra fee in 1960, after the closing date for the next directory.

The company says there has been a substantial increase of subscribers with unlisted numbers. The total now is 300,000. There is no extra charge.

Nobody may call those numbers unless they get them from the parties involved. This, the company said, could inconvenience other customers.

Prendergast to Demand Genuine Agenda Issues

FREEHOLD, N. Y. (AP)—The Democratic State chairman says his party will demand "genuine issues" on the agenda of any special session of the Legislature.

Michael H. Prendergast said Saturday that it would be a "shocking waste of the taxpayers' money" if Republican Gov. Rockefeller sought a session solely to elect a speaker of the Assembly.

In a speech at the annual Greene County Democratic dinner, Prendergast also accused Rockefeller of seeking a special session "merely to advance his presidential hopes by creating an aura of Republican Party harmony in his home state."

The Democrats, Prendergast said, will demand on the agenda issues "aimed at easing the tax burden of the hard-pressed citizens of this state."

"We will demand that consideration be given to untapped sources of revenue such as off-track betting and a state-wide lottery," he said.

Rockefeller has not called a special session but is expected to order one for around June 30, to elect a speaker to succeed Oswald D. Heck, who died last month. Joseph F. Carlino of Long Beach has been considered virtually assured of the position.

Prendergast said the public deserves to know that, what worries the governor is not only the speaker vacancy, but the possibility of a split in Republican Party ranks that may destroy the unity of New York's delegation to the Republican convention in 1960.

"It is no secret," the Democratic state chairman said, "that many Republican leaders in this state are anything but happy about the high-tax, free-spending policies of the new governor."

Hurley School Records Examination Completed

ALBANY — State Comptroller Arthur Levitt today announced the completion of the examination of the fiscal affairs

of a number of towns, schools, villages and other special districts throughout the state, including Common School District No. 6, and former Common School District No. 8, Town of Hurley.

Copies of the examination re-

ports have been sent to the clerk and other officials of the units of government examined. Since the reports are a part of the public record, they are available for review by interested citizens. A copy of each of the reports is also on file at the Department

of Audit and Control, Albany and is available for public inspection.

Germain Search Moves to Canada Without a Clue

BUFFALO, N. Y. (AP)—The search for Edward B. Germain, one-time assistant secretary of the Navy, moved into its fourth day today without a clue to his whereabouts.

Germain, 68, a banker and businessman, was last seen late Thursday night walking toward his automobile after a bankers' dinner.

His wife reported him missing the next day and authorities in 34 states and Canada were alerted.

Buffalo detective chief John Whalen said Sunday he did not think Germain's car had been in an accident. "What really surprises me," said Whalen, "is that he had received no word that the auto has been located."

Police assume that Germain drove the car from the dinner, presumably to go to his summer home at Bay Beach, Ont.

One of Germain's best friends, Charles R. Diebold, president of the Western Savings Bank, said "most of us feel that Mr. Germain has become suddenly stricken with amnesia or with some mental block which prevents him from contacting his wife and friends."

"We have no reason," he added, "to believe he has met with foul play or that he was abducted."

Germain was assistant secretary of the Navy during World War II. He was president of the Dunlop Tire & Rubber Co. from 1922 to 1954 and is a director of the Marine Midland Corp., a bank holding company.

Boys Get Goat

TUCSON, Ariz. (AP)—Three youths, ages 11, 12 and 14, were caught as they led a goat from a farm near Tucson. The boys said they wanted the animal for a pet. They had saved \$2, but the goat cost \$5. Pima County deputies chipped in the \$3, then released the youths and their new pet.

Elect Mrs. Waddell To Head Health Nursing Group

Bassett, of the newly formed scholarship committee.

Former president Mrs. Clifford Van Valkenburgh will be vice-president for the coming year and Mrs. Eldon Johnson will continue as treasurer. Mrs. Dorothy Brayman, welcomed as a new member this winter, was elected secretary.

Regular meetings of the Nursing Committee will not be held during the summer, but members remain on call to assist with any important health projects which may require their help.

Elect Mrs. Waddell To Head Health Nursing Group

Mrs. Willard Waddell was unanimously elected president of the New Paltz Public Health Nursing Committee at its annual meeting last week.

Mrs. Waddell has served as secretary to the group for the past two years and this year was co-chairman, with Mrs. Charles

Cleaners Discover \$1,700 in Laundry

BUFFALO, N. Y. (AP) — Police tried today to clean up a \$1,700 case that started in a drycleaners.

Workers at the plant found the money in hundred-dollar bills among suits, dresses and coats being cleaned Saturday.

A Las Vegas man, Stan Zejac, stepped forward Sunday to claim the money as his. He said he had inadvertently sent \$3,000 to the cleaning establishment.

Zejac, who is visiting here, said he had forgotten to remove 30 hundred dollar bills from the pocket of a suit sent to the Tip-Top One-hour Cleaners. Police said a second search of the plant turned up no more money.

John F. Sidoni, the plant owner, said the bills appeared in a bundle of clothes from over 40 customers. "I just don't know which customer it belongs to," he said.

There was no explanation of why so much money might have been in a suit pocket.

The money was in police custody, pending final determination of ownership.

Esopus Man Gets Honorary Degree At Geneva School

Theodor Oxholm of Esopus, treasurer of the Episcopal Diocese of New York, was presented with an honorary Doctor of Laws degree at Hobart and William Smith Colleges commencement Sunday in Geneva.

Long active in Episcopal church work, Mr. Oxholm has been treasurer of the diocese for five years. Prior to that he was assistant treasurer for 13 years. A member of the Church of the Ascension, West Park, he has served as vestryman for the past 10 years.

Lindsley F. Kimball, executive vice president of the Rockefeller Foundation, delivered the address and the Rev. Donald W. Mayberry, rector of St. John's Episcopal Church, Washington, D. C., gave the baccalaureate sermon.

Others receiving honorary degrees were:

Paul Herzog, executive vice president, American Arbitration Association; Harlston R. Wood, president, Alan Wood Steel Co., Conshohocken; the Rev. John D. Verdery, headmaster, the Wooster School, Danbury, Conn.; Katherine Gillette Blyley, former president of Keuka College, Keuka Park; and Joseph J. Myler, former secretary-treasurer of Neisner Bros. Co., now an investment counsellor with Grimm and Co., Rochester.

ROYAL COURIERS: This name got its beginning from the fact that royal couriers traveled between posts (or rest spots) where they stopped to change horses. Thus, the carriers became known as postmen and the name remains today.

Homicide Charged In Fatal Stabbing

UTICA, N. Y. (AP) — A 32-year-old woman is being held on a homicide charge in the stabbing of a man during an argument in an apartment house.

Police also have charged Miss Ann Gibson with first-degree assault in the knife of a woman she said she found in the apartment of the dead man.

Robert Smith, 47, was stabbed to death with a steak knife Sunday. Police said they had not decided whether to charge Miss Gibson with first or second-degree murder.

Miss Vivian Owens, 32, suffered minor wounds in the neck and chest. She was held as a material witness.

All are Negroes. Police said Miss Gibson told them that Smith had knocked her down twice during the argument and she grabbed the knife when he pushed her against a table. He was stabbed in the heart.

"I love that man," police quoted Miss Gibson as saying. "I told him I would kill him but I was only fooling."

State Business Activity Shows April Upswing

ALBANY — Business activity in New York State continued its upswing in April, State Commerce Commissioner Keith S. McHugh reported today. Durable goods manufacturing industries, in particular, showed strength.

The preliminary Index of Business Activity in New York State (1947-49 equals 100), seasonally adjusted, rose to 136 in April. This was one point higher than March and eight points above the April 1958 level.

The unadjusted index of factory output dropped one point between March and April, a less than seasonal decline, due to the pick up in durable goods production. Seasonally adjusted, the factory output index showed a four-point gain over the previous month.

Retail trade in the state now appears headed for a record

year. In each of the first four months of 1959, the Index of Retail Activity, measuring the physical volume of retail trade, topped the corresponding months of 1958 and 1957. The strength of the state's retail activity was emphasized during the recent recession, the index average for 1958 matching that of the previous year.

April construction activity in the state, at 170, represented a seasonal gain of 16 index points over the previous month and of 20 points over April 1958. The construction index average for the first four months of 1959, at 161, was a 27-point increase over the same period in 1958.

Nonagricultural employment in the state rose to 5,934,000 in April — 36,000 more than in the previous month and 43,000 more than in April 1958. Seasonal upturns in construction, services and retail trade largely accounted for the rise from March.

Manufacturing employment declined 12,000 from March to 1,845,000 in April, due chiefly to seasonal declines in the apparel and leather goods industries. Despite this decrease, the April

total was 26,000 higher than a year ago.

The acceleration of the state's business activity continued to thin the ranks of the unemployed insurance benefits under the regular program, a decrease of 33,000 from four weeks earlier and of 141,500 from the comparable week in 1958. The current total, however, was 66,000 higher than in the corresponding week of 1957. An additional 18,500 persons were receiving benefits under the temporary unemployment compensation programs.

Fewer claimants were exhausting their unemployment benefits, according to the State Commerce Department report. In the four-week period ended May 22, 21,200 persons received final payments under the regular and extended programs — 4,400 less than in the previous four weeks.

Two of the state's major labor market areas — Binghamton and Syracuse — and a smaller one — Watertown — were removed from the U. S. Labor Department's substantial-labor-surplus list. Work opportunities increased somewhat in the Buffalo area, but unemployment there was still in the substantial-labor-surplus category.

In the Buffalo steel producing area, operations were scheduled at 107.5 per cent of capacity in the week ended May 31, the highest rate for any district in the United States.

A detailed report on the April business situation in New York State is contained in the June issue of "Commerce Review," the Department's monthly economic publication. Copies may be obtained without charge from the Department at 112 State Street, Albany 7.

Plant Engineer Manager at IBM Named by Whalen

JAMES F. MCGOVERN

Appointment of James F. McGovern, of Poughkeepsie, as manager of plant engineering, was announced today by Richard J. Whalen, general manager of the Kingston plant of the IBM Federal Systems Division.

McGovern joined IBM Kingston as an architectural department civil engineer in May, 1955. Transferred to the corporation's building construction department and assigned to Poughkeepsie, he was named assistant construction engineer in August, 1956, and construction engineer in February, 1957. In May, 1958, McGovern was promoted to project manager in IBM Kingston plant engineering.

A veteran of three years service with the U. S. Navy, McGovern earned a bachelor of science degree in physics at St. Lawrence University and a bachelor of civil engineering degree at Rensselaer Polytechnic Institute. He is president of the Dutchess County chapter of the New York State Society of Professional Engineers, heads the professional engineering refresher course of Arlington High School's adult education program, and is active in the Mid-Hudson Science Advisory Council.

McGovern, his wife, Rose, and children, Margaret, 9, James Jr., 7, John, 4, and Mary, 3, reside at 87 East Cedar Street, Poughkeepsie.

Health for All

Full of Vim and Vigor?

It's fine to be bounding with energy and get-up-and-go, of course. But there is such a thing as overdoing it, especially if you have passed certain birthdays. And particularly during the hot summer months.

Summer or winter, regular exercise is a good thing, but when it's really warm, here are do's and don'ts to bear in mind: DON'T play vigorously at tennis and such sports for long periods under a hot sun. DO get all the sleep you should have.

DON'T exercise to exhaustion or until you are badly out of breath. DO eat the foods you need, including "solid" protein foods even on a hot day — without overdoing it, of course.

DON'T try to prove your endurance by staying behind a steering wheel for hundreds of miles in one day. DO plan for the relaxing pastimes, such as reading and fishing, as part of your summer activity.

DON'T let things or people excite you or "heat up" your blood. DO learn to "take it easy" for better health in mind and body.

Whatever your age and whatever the season, let your program of exercise fit your body — both its needs and abilities. And plan at some time during the year — around your birthday would be appropriate, wouldn't it? — to get an annual physical check up.

A test for TB should be included on that occasion, too. TB is one of the major ailments that people may have without realizing it, because they may not feel sick. Yet the TB germs may be there and may be doing damage.

This column is sponsored in the interest of better health by Ulster County TB and Health Association, 124 Green Street.

False-Card Sets Good Contract

By OSWALD JACOBY
Written for NEA Service

Put yourself in the position of Roy Hislop of Phoenix who held the collection of junk in the East seat.

Your opponents have reached six hearts and after studying your partner's opening club lead for awhile South has gone up with dummy's ace and dropped the queen.

Obviously he is going to lead a trump and sure enough he reaches for the deuce. Now what do you do?

Roy had his mind made up and played the jack; not the

nine, and his brilliant false-card led to the defeat of an iron-clad contract.

South played the queen and West the ace. West led a second club and South ruffed in his own hand.

Now South led the five of hearts and after a little thought finessed dummy's eight spot. It certainly looked as if Roy's jack of hearts had been a singleton and that West was still left with the nine and two little trumps.

Roy produced his nine spot with a mild apology for having pulled the wrong card and the rubber was still going on.

'TOILAFLEX'
Toilet **ALL-ANGLE** Plunger

- Accordion-action design to flex at any angle.
- Double-size cup blasts double pressure directly at obstruction.
- Tapered suction-grooved tail gives air-tight fit.
- Pilot-tail guides plunger to dead center of drain — can't skid around.

Ordinary plungers just don't seat properly. They permit compressed air, water and sludge to splash back. Thus you not only have a mess, but you lose the very pressure you need to clear the obstruction.

With "Toilaflex", expressly designed for toilets, no air, water or sludge can escape. This unique, patented plunger assures a snug, air-tight fit in any toilet trap, regardless of irregular shape or size.

"Toilaflex" has a powerful double-sized cup that blasts more than twice the amount of compressed air directly at the obstruction. The full pressure plows through the clogging mass and swishes it down. Can't miss!

Your toilet could overflow tomorrow. With a "Toilaflex" in your home there's no problem, no mess, no expense; you clear your toilet with ease, in a jiffy.

Parents Burned In Fire Started By 2 Children

JACKSON, Mich. (AP)—Sterling Baker and his wife, Alice, know they were burned badly in a fire at their home.

But they don't know that their daughter Doreen, 14, and their son Bruce, 13, have admitted to police that they set the blaze after pouring gasoline on the bed in which their parents lay sleeping Friday.

Physicians said that knowledge of the children's admission might hurt the Bakers' chances of recovery. Baker, 62, was burned on the face, arms and abdomen. Mrs. Baker, 48, was reported in fair condition.

"We just didn't think about it," Doreen told police. "We were just all mixed up, I guess."

"I didn't realize it would be so terrible," Bruce sobbed. "I wish now we hadn't done it."

The brother and sister told officers they set the fire because they felt their parents were too strict. "We thought if we got rid of them we could do more of the things we wanted to," police quoted Doreen as saying.

"We had been thinking about it for a week," Doreen told officers. "At first we thought of beating them to death with hammers but we thought that would be too risky."

Mrs. Baker was running around the house screaming with her hair afire when neighbors came to her rescue. They smothered the flames. They pulled Baker from the burning bedroom.

Way Is Explained

conclusions on employment, has some other checks to guide it, too.

The BLS has arrangements with factories around the country to send it each month how many people they have on their payrolls. These include not only production workers but white collar people, salesmen and bosses, too.

The BLS gets other information from the factories. For instance, the number of hours they employ workers, and the kind of industry they're in.

Still another check is made through the claims jobless workers around the country put in for unemployment compensation.

This is not always a precise rundown on the unemployed. People, being out of a job so long they have used up all their unemployment benefits, disappear as a statistic from unemployment compensation books.

Before the 1930s there were no direct measurements of the number of jobless persons. The present system of checking got its start during the depression when, because of mass unemployment, there were widely conflicting estimates on the total.

Investor Forum

Harry C. France

Investors who are buying blue-chip common stocks at present prices had better give the stock market the long look. Prospective today is a necessity in intelligent investing.

Some of the best equities are selling to yield relatively small returns. Earnings are already discounting years of economic growth. Public distrust of the future buying power of the dollar is one powerful factor in forcing common stock prices high.

Thousands of investors in retirement who need from 4 to 6 per cent income on their savings to maintain living standards may well avoid buying securities paying small returns even though they carry growth. A widow, for instance, who is getting only \$1,500 a year on her \$50,000 insurance money, must reinvest her capital if \$2,500 a year is necessary.

Such action may necessitate selling some blue chips. Seldom can an investor eat his cake and have it, too.

Investors in their 20's, 30's and 40's can afford to give the stock market the long look. A beginning investor, age 25, can confidently look ahead 30 to 40 years. So can many investors age 35. And millions of investors between 40 and 50 will live to enjoy their investments 21 years from now in 1980.

What will the years 1980 and 2000 be like?

An authoritative organization that studies population trends in the United States predicts that in 1980 there will be 260 million people in this country. And in 41 years, at the turn of another century, the population in America will total 350 million.

That is a paragraph for economic pessimists to cut out and post in some prominent place.

I recall the year General Motors did a billion dollar business. And I was working for a leading world bank on Wall Street when a brash young junior executive told me one day that in the future there would be a billion dollar bank in New York.

Now, anyone who has bought General Motors or Guaranty Trust has bank here mentioned) and has held these stocks for long pull investment has been amply rewarded. The same thing can be said for 50 blue-chips like DuPont, General Electric, Standard Oil of New Jersey and American Telephone and Telegraph.

The "long-look" investor will know that in economic America two gigantic forces are inexorably operating: (1) population growth and (2) improving standards of living.

Consequently, investors in their 20's, 30's, 40's and 50's, who may be here in 1980 and 2000, may still buy the blue-chips. The Dow Jones industrial averages may sell off 100 points from here. But should this happen (and I doubt if it will) the principle of buying the best equities with available surplus savings will still be a sound one.

In 21 and 41 years from now national income will be far, far higher than it is now. And just as General Motors' business has increased 1,000 per cent during my career in the financial world, so will scores of leading corporations whose goods and services are indispensable in today's economy enjoy a boundless prosperity.

In investing money today, those in retirement whose funds are limited should avoid long-look securities. But those with years ahead should not be governed thusly.

(Q)—My securities are worth over \$100,000 and in 1958 I received less than \$2,300 from them. I need more income. What should I do?

Youth Dies

Robert Shober, recently returned from the Azores, and now staying at Post Street.

The officers helped the men place the children in two H & S ambulances after they had received first aid from Dr. Bertrand W. Gilmore and Robert A. McCaig, Patrolman Sullivan said.

The Ulster County Sheriff's office dispatched Deputies Thomas Mayone and Charles McCullough, and Corp. Edward Shannon and Trooper Charles Teelton of Kingston state police also reported to the scene.

Frantic parents hearing of the mishap flooded the Saugerties police phone asking if their children were reported injured.

Ready To Open

Chief Richter's report said the carnival was getting ready to open at 2 p. m. and there was a half-price matinee set for children as it was the closing day.

The carnival owned by Anthony Fastasia of Unionville, Conn. had set up its equipment on the lot off Lafayette Street and Warren Place for opening last Monday.

Fastasia had told Chief Richter that every precaution had been taken when the ferris wheel and other equipment had been set up, and was operating satisfactorily all week.

The chief's report commended the officers who responded to the call for their excellent work in keeping order, directing traffic at the scene and assisting with the injured.

The sudden wind that came up was described by the officers as of hurricane proportions. The gust that struck the carnival tore up a tree at the corner of the lot before it hit the carnival booths and equipment.

Blew Down Trees

Sullivan said the windstorm also blew down trees on Daves and Market Streets, upper Main Street, and Main and Second Streets.

Gusty winds continued through the rest of the day and night and through Sunday.

Ulster County Coroner Michael A. Galletta gave the cause of Nikola's death as due to a compound skull fracture and lacerations of the brain.

Funeral services will be held at Smith, Seamon and Quackebush Funeral Home, Monroe, Tuesday. He is survived by his father, Franklin H. Nikola Sr., of Highland Falls.

Two were reported injured in a mishap Saturday on Albany Avenue near the Governor Clinton Hotel. They were Anna Joan Smith, 31, of 84 Fairview Avenue, and Jo Ann Bispo, 3, of 104 E. 100th Street, New York.

The former reported possible chest, neck and abdominal injuries and the latter, police said, suffered possible head injuries. Both were to be treated by doctors.

Police said the Smith car, stopped for a traffic light, was struck by the station wagon of Alfred Bispo, 37, of 104 E. 100th Street, New York.

Financial and Commercial

NEW YORK (AP)—Coppers, plywoods and selected issues took some sharp losses in a generally lower stock market early this afternoon. Trading was quiet.

Pivotal issues declined from fractions to about a point.

Georgia-Pacific Corp dropped about 5 and U.S. Plywood around 2.

Magma Copper was a 3-point loser while Anaconda dropped more than 2 and Kennecott well over a point.

The decline in coppers came as spot prices for the red metal in London and futures prices domestically continued under pressure as wage negotiations in the copper industry proceeded.

Steels, some chemicals and aircrafts also took some fairly sharp losses. The trend was lower among rails, utilities, motors and oils.

A few issues bucked the trend with substantial gains. Goodyear was ahead well over 2.

COMPARISON OF STARTING SALARIES OF WOMEN COLLEGE GRADUATES

THERE'S MONEY IN IT—Each year most of the women graduating from American colleges go out and get jobs. And each year they do better financially. Newschart shows the starting salaries received by recent graduates. According to the starting salary survey by recent graduates get U.S. Department of Labor, 76 per cent of these graduates get U.S. jobs, including nearly 75 per cent of the married ones. Graduates who married within six months of graduation rose from 34 per cent in 1955 to 38 per cent in 1957.

GENEVA, N. Y. (AP) — "Fill 'er up, please, said the customer. And the filling station proprietor poured gasoline into the helicopter. Ray Chaisson, 41, of Saratoga Springs, landed his craft last

night at a station near here. He was enroute to Buffalo, he said, and had tried stopping at several airports in this Finger Lakes region but all seemed deserted. Chaisson, who operates a helicopter service, flew on with a full tank.

Whalen Elected Exchange Prexy

POUGHKEEPSIE, N. Y. (AP) — Dr. Edward P. Whalen of Ogdensburg is the new president of the New York State Assn. of Exchange clubs.

He was elected Saturday to succeed Gerald H. Rosenberg of Lockport. Other officers named at the close of the group's three-day convention were: Henry B. Mertens of Syracuse, elected vice president after serving as treasurer for 21 years; Cecil S. Mapes of Chatham, re-elected secretary, and Roger J. Gentilhomme of New Rochelle, elected treasurer.

Crewman Recovered

NEW YORK (AP) — A tugboat was raised from the East River Sunday, and the body of a crewman was found inside. The tug sank Saturday night after a hawser snapped and two barges it was towing rammed it. James McCann, 59, of Brooklyn, who was serving as engineer, was trapped inside. Other crewmen swam to safety.

Skindiver Killed By Ocean Monster

LA JOLLA, Calif. (AP) — A shark killed a skindiver while several persons watched from the beach 50 yards away Sunday.

No trace was found of husky Robert Pamperin, 33, a San Diego aircraft engineer.

"I was swimming about 15 feet from Bob," said his companion, Tom Lehrer, 30. "I heard him calling. 'Help me, help me.'"

"I swam over to him. He was thrashing in the water and I could tell he was fighting something underneath."

Lehrer said he ducked under the water and through his face plate saw a shark. "It was so big I thought at first it was a killer whale," he said. "It had a white belly and I could see its jaws and jagged teeth. It was a whopper—about 12 feet. It was between me and Bob and I could see him kicking his legs at it but it kept biting at him."

Lehrer said he popped to the surface. "But it was too late to do anything. Bob just went out of sight and I couldn't find him. So I swam to shore."

Rocket Explodes

CHEEKTOWAGA, N. Y. (AP) — A home-made rocket blew up yesterday and injured two teen-age brothers who lighted it behind their home.

Frederick A. Greulich, 17, was pierced in the chest and wrist by metal fragments and was burned on the face and body.

His brother, Kenneth, 14, lost two fingers and caught pieces of metal in the face and head. They were listed in serious condition at a Buffalo hospital.

Port Ewen Corps Wins Sunday Event

The Colonial Cavaliers drum corps of Port Ewen on Sunday won top honors by scoring 81.55 points in the American Legion Interstate Circuit corps marching and maneuvering contest at Newtown, Pa.

Captain Donald Decker of the Port Ewen unit said Sunday's event at Newtown was the first contest in which the local drum corps has appeared this season.

The Port Ewen corps defeated such top units as the Morristown Colonials of New Jersey; the Yellow Jackets of Bangor, Pa.; the Lambertville Volunteers of New Jersey and the Bridgeport, Conn., Troopers.

Contest Winner

GREAT BEND, Kan. (AP) — Officials of the Great Bend Chamber of Commerce wanted to notify Mrs. Walter Ragan that she had won a contest sponsored by the chamber. The prize was a week's vacation in Colorado.

They finally located Mrs. Ragan. She's vacationing in Colorado.

Population Rise Is 14 Per Cent in Metropolitan Area

NEW YORK (AP)—The population of the 21-county metropolitan New York area had risen to 15,350,600 last year, a survey shows. The population in the New York-New Jersey-Connecticut area rose 14 per cent between 1950 and 1958. The eight-year rise of 1,845,000 was almost all in the suburban counties.

The results of the survey were made public Sunday by the Metropolitan Regional Council, an unofficial planning organization. The estimated 1958 population of New York City was eight million, a one per cent increase over the 1950 census figure, according to the report. New York has just over half the population of the whole region. Suffolk and Nassau counties on Long Island showed the greatest increases, 97 and 89 per cent respectively.

Next to New York, the lowest population gain was two per cent in New Jersey's Hudson County, across the Hudson River from Manhattan. Orange County showed a population increase from 152,255 to 174,000, up about 22,000 or 14 per cent.

Which bank is next to the Old Dutch Church in Kingston?

We think most of you will answer correctly — the Ulster County Savings Institution. It's been in the same location since 1851 but it's interesting how often the many banks in Kingston are apt to be confused, especially by "new" people in town. So to reduce this possibility, we thought the above photo might be helpful. This photo, you'll note, is included in our normal newspaper signature which will help again in our identity.

Like other banks, we take pride in the service we offer our depositors and friends. If you haven't already visited our bank—may we at this time extend you a cordial invitation to do so. We'll try to make your visit a pleasant one.

CITY OF KINGSTON, N. Y., MONDAY EVENING, JUNE 15, 1959

HIGH SCHOOL DIVISION WINNERS—Twenty-three winners in the Hudson Champlain Essay contest conducted in the public and parochial schools within the Greater Kingston Consolidated Area were presented with awards and citations of merit by Mrs. Adam Porter assisted by Mrs. Donovan Buehring, members of the city celebration committee, at ceremonies on Academy Green in observance of Kingston's 307th birthday. Essays on the high school level were written on "Kingston's Contribution to the His-

story of New York State," the title submitted by Virginia McGregor of St. Ursula's Academy. High school division winners are (l-r) seated, Frederick Edward Snyder, Kingston High School, second; Eva Claire Horodyski, St. Ursula's Academy, first; and Mary Lamb, St. Ursula's Academy, third. Standing, Helene Napoletano, St. Ursula's Academy, sixth; Kathleen O'Brien, St. Ursula's Academy, fourth; Shirley Prehn, Kingston High School, seventh; and Carol Van Wagon, Kingston High School, fifth.

Rules for Employees

By FRANK TRIPP

The business of picking a job once was soul searching; and keeping it entailed pretty rigid personal discipline and conformity to the idiosyncrasies of the boss.

Frequently conditions of employment included very intimate and personal matters; religious, family, monetary, The selection of a place to work or the man to work for was somewhat like choosing one's wife, church or political party.

The fellow who expected to advance in a career practically had to marry it and live with it, forsaking all else "til death do us part."

Yet there were phases of this dominance of the employee's life that were good for him and, modified a bit, would be good for today's youth and their future.

Oh no, I'm not recommending, much less expecting any such things. But they are interesting, and amusing. I even remember some such as late as my own apprenticeship.

FOUND IN the files of an old company were the "Rules for Employees" of a Carriage House at Ithaca, N. Y., out of the 1800's.

The document, from times of

the quill pen, kerosene lamp and 75 cents a day, pictures the stern, devout, frugal owner of the business and the manner of men who worked for him.

Note particularly the sly provisions for an alert and rested staff; the concession to human nature for "courting purposes"; the cautious incentive "provided the firm has prospered" and the old age arrangement in lieu of retirement pensions.

Here they are, the "Rules for Employees":

EMPLOYEES working here shall dust the furniture, clean their desks and sweep the floor daily. All windows shall be cleaned once a week. Each employee shall bring his own bucket of water and scuttle of coal for the day's work. Lamps shall be trimmed and chimneys shall be cleaned daily.

Working hours shall be 7:00 a. m. to 8:00 p. m. every evening but the Sabbath. On the Sabbath, everyone is expected to be in the Lord's House. Employees are expected to trim their own pen nibs to suit themselves.

It is expected that each employee shall participate in the activities of the church and contribute liberally to the Lord's work. All employees must show

themselves worthy of their hire.

ALL employees are expected to be in bed by 10:00 p. m. Except: Each male employee may be given one evening a week for courting purposes and two evenings a week in the Lord's House.

After an employee has been with our firm for five years, he shall receive an added payment of five cents per day, providing the firm has prospered in a manner to make it possible.

It is the bounden duty of each employee to put away at least ten per cent of his wages for his declining years, so that he will not become a burden upon the charity of his betters.

Any employee who is shaven in public parlors, frequents pool rooms or uses tobacco shall be brought before management to give reasons why he should be continued in employment.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—Labor turnover is costly in many industries—some of which complain loudly about competing with cheap labor costs abroad.

The rate of turnover varies widely among industries and is particularly prevalent among the

youngest workers—the ones that companies have gone to pains and expense to train.

On the other hand, some firms complain because seniority rules and fringe benefits tend to freeze labor to its job, making for a scant labor pool on which to draw. This especially hurts growing firms and new growth industries.

It is particularly true of older workers who often will remain idle after being laid off rather than take a new job. They'd rather wait the chance to be called back to the old job with all its accumulated benefits than to start in a new one at the bottom of the ladder.

From management's point of view, seniority and fringe benefits have become such a large part of labor costs that employers hesitate to take on new workers when business expands seasonally or temporarily, preferring to pay overtime to present help as less costly in the end.

Labor turnover hurts a company in various ways.

It costs money to train a replacement—not to mention loss from having trained the one who moved on. Often turnover involves bringing a lower paid employee

(such as a piece worker) into a higher paid job with higher minimum standards. Turnover also often means work spoilage, a slowdown in output and sometimes production shortages which may lose sales.

The cash costs to all industry of labor turnover is estimated by the Wolf Management Engineering Co. of Chicago as around one billion dollars a year. A survey of several industries indicates the loss from lower production rates is even higher.

Replies from 768 textile and apparel firms show an average loss of \$398 on each employee who leaves his job after being trained. The annual turnover in this industry is put at 30 per cent. Cutting back on this loss might help American firms to meet competition from low cost foreign textiles.

What can be done to cut down turnover?

With the young the task is hard. They tend to go from job to job seeking the one that pleases them most.

But some find good in America's historically high labor turnover. They contend such mobility keeps the economy flexible, opens up new industrial regions, makes it possible for new industries to start and grow.

Police Bullet Kills Motorist In Fast Chase

NIAGARA FALLS, N. Y. (AP) — A 25-year-old man was wounded fatally today by a bullet from a policeman's revolver after a high-speed automobile chase that started in nearby Lewiston.

The victim was Frederick A. McCormick, a Niagara power project construction worker from nearby Sanborn.

Patrolman Vincent Ladd, 30, of the Niagara Frontier park police, said McCormick had lunged "backwards" into his gun after being trapped in a clump of bushes behind a garage in a residential section.

The chase, which reached speeds of 90 miles an hour, had ended minutes before when McCormick's car jumped a curb and he had abandoned it.

Lewiston police said McCormick's car was speeding through that village when the chase started. The frontier police joined the pursuit when the fleeing man's car almost struck their patrol car near Niagara University.

Ladd said he and patrolman Matthew Krawczyk had spotted McCormick in the bushes and called to him to come out. He did not answer, Ladd said.

The patrolman said the man then lunged backwards into his revolver, which fired. McCormick died a short time later in Memorial Hospital.

Police said the victim's father, George McCormick, was a resident of De Grasse, St. Lawrence County.

Democrats Rap Veto Government Of Republicans

WASHINGTON (AP) — The Democratic Advisory Council has taken a luster whack at Republican "veto government." By implication, it also said it doesn't think Democratic leaders in Congress are doing enough to make a clearcut party record for 1960.

"Until there is a Democratic president in the White House," the council said in a statement Sunday, "we face the retarding and corrosive effects of 'veto government.'"

"The Congress has been continuously threatened with presidential vetoes in the attempt to thwart one constructive and necessary measure after another."

The council said Congress should ignore the veto threats, rather than yielding. But with implied criticism of Democratic leaders, it added: "Time-consuming efforts have been made to water down proposed legislation to the limits of what the President might accept, or to what might win the support of the two-thirds majority in each house necessary to override a presidential veto."

The council, headed by National Chairman Paul M. Butler, has 27 members, including former President Harry S. Truman and Adlai E. Stevenson.

It does not include the Democratic Congress Leaders, Speaker Sam Rayburn in the house and Lyndon B. Johnson in the Senate. These powerful Texans declined to join when the council was formed and are not bound by its policies.

The council, mostly Butler's brainchild, is aimed at setting party positions on national issues. But without the active backing of Johnson and Rayburn, many observers feel, its effect is somewhat limited.

The council laid down what it called a minimum program for congressional action this session. This included stronger civil rights legislation.

Candy Thieves

PROVIDENCE, R. I. (AP)—The plan of three youngsters to nab some sweets went sour Sunday.

The boys, aged 10 to 13, were arrested by police at the Rosen Candy Co.

Police were in the building investigating a break Saturday night in which some money was taken and candy strewn about.

P-TA Unit Heads Attend Workshop

A workshop for P-TA unit presidents of the northern Ulster County area of the Central Hudson Parent-Teacher Association District was held Thursday night at the MJM School by Mrs. Donovan Buehring, Mrs. Bohumir Larys, Mrs. William Burke and Mrs. Raymond Gilkey.

Mrs. Buehring, exceptional child chairman for the Central Hudson P-TA District Board, spoke on the general importance of the work to and affect the scope and growth of P-TA's. She listed many possible chairman like exceptional child, mental health, membership, publicity, family life, pre-school, recreation, safety, health, school education and suggested each P-TA look at its own goals and set up

committees that would best achieve such goals. Mrs. Buehring said that the chairman and his committee's job is to study needs of his area of work, create an awareness and understanding of these needs, have a planned action program, cooperating but not duplicating, with other community organizations. Mrs. Buehring singled out the publicity chairman's job in suggesting that this person be familiar with the total program of the P-TA unit, that he use all the mediums of radio, press and other agencies after establishing good working relations and to take one step further in arranging information displays at area P-TA meetings and all local affairs.

P-TA Contributions
Mrs. Burke, district P-TA twin projects chairman, reviewed the great contribution P-TA's have made to both the Jenkins Memorial Scholarship Fund and the Student Loan Fund. Each high school in New York State is entitled to send one application a year for the scholarship awards, which is a grant of \$300 for four years to students entering the teaching profession. Any P-TA unit may

give a life membership award in the founders month of February, honoring some community member who has made outstanding contributions for youth's benefit and in his name \$25 goes to the Jenkins Memorial Scholarship Fund. Last year 28 scholarships totaling \$34,000 were awarded in New York State. Students may be enrolling in any course to be eligible to borrow from the Student Loan Fund at nominal rates and considerate pay-back plans.

Besides displaying The National Parent-Teacher Magazine, the New York State Parent-Teacher Magazine, and district paper, The Crier, as unit aids, Mrs. Burke also listed the important events made available to unit members; the fall county conference, the spring district conference, fall convention, spring leadership training institute and all local workshop programs, pointing out that participation in these would be taking full advantage of state and national P-TA membership. She also suggested making use of such special occasions as United Nations Day, Citizenship Day, Children's Book Week, National Library Week, American Education Week and Brotherhood Week.

BY-LAW CHANGES
Mrs. Larys, associate district director and by-laws chairman, spoke on the importance of reviewing every three years the by-laws to make necessary changes, following the manuals set of suggested by-laws, being sure to write in the mandatory Articles I through IV, X and XI. She explained to new P-TA's, applying for membership, that a great deal of work would be saved if they would send in her only the three required copies of their by-laws, wait for approval before printing in quantities and distributing.

Mrs. Larys emphasized strongly the values of the P-TA Manual and suggested to New Presidents faced with their first meetings they study carefully the portions particularly relating to meetings, pgs. 35-38. She also mentioned that any time spent in preparing meetings in advance would be rewarded by an evening that runs more smoothly and efficiently.

Mrs. Gilkey, assistant district director covering northern Ulster spoke on programming, suggesting that presidents as soon as elected, appoint their chairmen and that the program chairman meet with his committee at least twice, the first time to come up with lots of ideas and the second time to sift through, review and discuss which ideas to incorporate into a program suitable to their area.

Mrs. Gilkey enumerated a number of topic ideas. One was the theme for the year type where a P-TA centers all programs around such a theme as "Our Neighborhood," "Getting to Know Our Schools" (buildings, facilities, curriculum, faculty, board of education) or "Getting to Know Our Community Resources" (recreation, probation, health, etc.), or single unrelated topics on subjects of greatest interest to members, keeping in mind the national P-TA objects and policies and the fact that P-TA is an educational organization only.

Mrs. Gilkey listed many ways of presentation and recommended the use of a variety of these; the speaker who may be local resource people, panels, forums, skits, films with follow-up discussion, school demonstrations, exhibits of work. She referred to the National Parent-Teacher Magazine, renewal subscriptions due now, as an excellent source for any programs, planned or emergency fill-in. Mrs. Gilkey also remarked that suggestions from the P-TA Unit members at the last meeting of the year as well as their critical evaluation would be very helpful to the program committee in making up the next year's program.

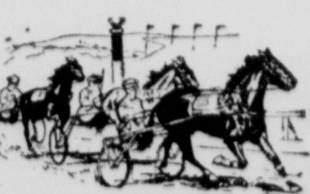

Mrs. Gilkey ended by saying that it was a full, lively program in informative topics, active committee work, reports by delegates, using the talents of many, that built a superior P-TA.

MRS. RONALD A. NEATH (R. B. Johnstone photo)

Jacqueline Accurso of West Saugerties Weds Air Force Sergeant at St. Thomas', Veteran

St. Thomas' Chapel, Veteran, was the scene of the marriage of Miss Jacqueline Elaine Accurso, daughter of Mr. and Mrs. James J. Accurso Sr., of West Saugerties, to Staff Sergeant Ronald A. Neath, son of Mr. and Mrs. Daniel Neath of Rockford, Ill., Saturday, June 6 at 2 p. m.

The ceremony was performed by the Rev. Daniel Daley, pastor of the chapel of St. John's the Evangelist Mission.

Mrs. John Nau of Saugerties, vocalist, sang "On this Day O Beautiful Mother" and "Ave Maria," accompanied on the organ by Miss Mary Keenan of Fish Creek, who played the traditional nuptial refrains.

For the occasion the chapel was decorated with gladioli and pompons.

Given in marriage by her father, the bride was attired in white lace with nylon tulle over taffeta and a chapel length train. Her headpiece was a crown of pearls which secured a fingertip veil, and she carried a bouquet of white rosebuds with orchid center.

Mrs. Evelyn Edwards of West Saugerties served as matron of honor and wore a gown of white dotted Swiss over blue taffeta, a large hat, and she carried a bouquet of majestic yellow daisies.

Bridesmaids were cousin of bride, Miss Loretta De Luca of Jackson Heights, L. I., and the bridegroom's sister, Miss Carol Neath of Rockford, Ill. They

were attired in gowns of white dotted Swiss over maize taffeta with large hats, and carried bouquets of blue majestic daisies.

Brother of the bridegroom, Daniel Neath of Rockford, Ill., served as best man, and the ushers included George Wood of West Saugerties, and John Hennessy of Brooklyn.

The bride's mother was attired in a dress of lavender over silk flower print with white accessories and an orchid corsage.

The bridegroom's mother wore a dress of royal blue with beige accessories and an orchid corsage.

Following the ceremony, a reception for 130 guests was held at Pinewood House, West Saugerties. Joe Dengler and his orchestra played.

For the wedding journey through Western New York and the Mid-West, the bride chose for her traveling ensemble a blue flowered dress with white accessories and white orchid corsage.

The bride, a graduate of Saugerties High School, served three years in the WAF, U. S. Air Force at Scott Air Force Base, Belleville, Ill.

The bridegroom was graduated from Rockford High School, and is serving with the Air Force at Scott Air Force Base. They will make their home at Belleville, Ill.

Guests attended from Saugerties, Rockford, Ill., Brooklyn, Manhattan, Bronx, and Long Island.

Annette Dussol Weds William O'Reilly Jr.; Wedding Takes Place at St. John's, Veteran

Mr. and Mrs. Lucien A. Dussol of Mt. Marion, announce the marriage of their daughter, Annette Eugenie, to William J. O'Reilly Jr., son of Mr. and Mrs. William J. O'Reilly, 55 West Chestnut Street, on Thursday, June 4 at St. John the Evangelist Roman Catholic Church, Veteran. The double ring ceremony was performed by the Rev. Daniel Daley, Miss Terry O'Reilly, sister of the bridegroom, was bridesmaid and Lucien Dussol Jr., brother of the bride, was best man.

A dinner was held following the ceremony for the immediate families at the Kirkland Hotel. Mrs. O'Reilly is a graduate of Those assisting with the din-

ned the University of Cincinnati and was graduated in June from Russell Sage College. Her husband is a graduate of Kingston High School and attended St. Michael's College and Rider College. He is associated with William O'Reilly, Inc. of Kingston.

After a wedding trip to the West Indies they will make their home at Mt. Marion.

Girl Scout News

The annual mother-daughter banquet of Browrie Troop 55 was held at the First Presbyterian Church. A large number of the girls accompanied by their mothers attended along with guests, the Rev. and Mrs. William McVey and Mrs. Jerry Blair.

Following the dinner a short entertainment program was given by the girls of the "Fly Up" group. Solo dances were by Lois Moore and Linda Polcano. Violin solo by Lydia Newcombe. Following these, a fashion show of humorous hats made by the girls, and a square dance demonstration was performed. Girls participating were: Jane Southard, Patricia Hogan, Judy Millham, Penny Koskie, Christine Gurovich, Frances Embree, Debbie Sanford and Linda Austin.

During the program short speeches were given by Mrs. Marion Jones, troop leader, the Rev. Mr. McVey and Mrs. Jerry Blair of the local Girl Scout office, the Academy of St. Ursula, at-

Mothers-in-law Don't Like 'Mother-in-law' Treatment

Here's a letter from a bride of a year who is unhappy because her husband treats her mother like a "mother-in-law."

Could I speak to the husband for a moment, please?

Look, young man, you've married a girl who thinks a lot of her mother, just as you think a lot of yours.

The two of you have created a new home. If your wife is in love with you and proud of her home, she is going to want occasionally to share her home and her happiness with her mother.

But she can't do it unless you treat her mother like a mother—and not like a mother-in-law. If she can't be sure that you will always be gracious and courteous to her mother, that you'll put yourself out to make her feel welcome when she visits you, your wife's home won't really be her home at all.

For what wife can be completely happy in a home where her mother is made to feel like an outsider, made to feel like her visits aren't welcome, made

to feel that her daughter is married to a man who resents her and wants her excluded from their life?

If you love your wife and want her to be happy, then don't even think of her mother as your mother-in-law. Think of her as "Jane's mother," the woman who probably did more than anyone else in the world to make Jane the kind of person you could fall in love with.

And because you do love Jane, try to understand that your kindness to her mother is really kindness to Jane, that whatever you do for your wife's mother you are really doing for your wife.

Don't force your wife into taking sides between you and her mother. She won't have to if you treat her mother the way a mother should be treated.

Just forget that phrase "mother-in-law" completely. Think in terms of "our mothers" instead of "my mother" and "my mother-in-law."

Complete Berkshire Festival Programs Are Announced; Charles Munch Directs

Charles Munch, music director of the Boston Symphony Orchestra, today announces the complete programs of the orchestra's 1959 Berkshire Festival at Tanglewood, Lenox, Massachusetts.

The concerts of the first two weekends will be held on Friday evenings at 8:30 and Sunday afternoons at 2:30 in the Theatre-Concert Hall and on Saturday evenings at 8:30 in the Music Shed. A chamber orchestra from the Boston Symphony under the direction of Dr. Munch will present works of Bach (July 3-4-5) and Mozart (July 10-11-12).

For the opening concert of Friday, July 3, Dr. Munch will present Bach's Brandenburg Concerto No. 3, the Suite No. 2 with flute soloist Doriot Anthony Dwyer, A Musical Offering and the Cantata No. 50 ("Nun ist das Heil und die Kraft") for Double Chorus and Orchestra.

Concerto for Piano in F minor, No. 5 (Lukas Foss); Concerto for Three Pianos in D minor, No. 1 (Lukas Foss); Concerto for Piano in D major, No. 1 (Lukas Foss); Concerto for Two Pianos in C major, No. 2 (Lukas Foss, Bernard Zighera).

The program for Sunday, July 5 will include the Brandenburg Concerto No. 6; Cantata No. 51 ("Jahuch Gott in allen Landen") with Bethany Beardslee, soprano and Roger Voisin, trumpet solo; the Concerto for Violin and Oboe in D minor with Ruth Possett, violin, and Ralph Gomberg, oboe; and the Suite No. 3 in D major for orchestra.

The Mozart weekend will open on July 10 with the Overture to "Don Giovanni," the Piano Concerto, K. 453 (Nicole Henriot-Schweitzer, soloist), the Divertimento for Strings and Two Horns, K. 287, and the "Haffner" Symphony. Three symphonies will comprise the program of July 11—No. 39 in E-flat, K. 543; No. 40 in G minor, K. 550, and No. 41 in C major, K. 551 ("Jupiter").

On July 12 Dr. Munch will open with the "Prague" Symphony and the remainder of the program will be devoted to the "Requiem" K. 626 with Adele Addison, soprano, Florence Kopleff, contralto, Blake Stern, tenor and Donald Gramm, bass and the Tanglewood Choir, Hugh Ross, director.

The opening week of concerts (July 17-18-19) by the full Boston Symphony Orchestra in the Music Shed will feature music by Tchaikovsky. Dr. Munch's program for Friday, July 17 includes Berlioz' "Corsair" Overture, Martinu's Parables, and Tchaikovsky's Sixth Symphony.

On Saturday, July 18, Dr. Munch will conduct Weber's "Oberon" Overture and Tchaikovsky's Violin Concerto with Isaac Stern as soloist. Lukas Foss will conduct a performance of his own new

work, "Symphony of Chorales." Pierre Monteux will make his first Festival appearance on Sunday, July 19. His program will be Introduction and March from "Coq d'Or" by Rimsky-Korsakov, Debussy's Afternoon of a Faun, the Symphony on a French Mountain Air by Vincent d'Indy (Nicole Henriot-Schweitzer, soloist) and Tchaikovsky's Fifth Symphony.

Music of Brahms will be especially featured on the second Festival weekend (July 24-25-26). Pierre Monteux will conduct the concert of Friday, July 24 with a program including the Bach-Respighi Passacaglia, Brahms' Violin Concerto (Isaac Stern soloist), Brahms' Choral Preludes arranged by Virgil Thomson and Richard Strauss' "Don Juan." On Saturday evening, July 25, Dr. Munch will conduct Brahms' Academic Festival Overture, Piston's Third Symphony and Brahms' First Concerto part of Sunday afternoon's concert, July 26, presenting Brahms' Variations on a Theme of Haydn, and Piano Concerto No. 2 with Rudolf Serkin as soloist. The "Tender Land" Suite by Aaron Copland will also be heard on this program, with the composer conducting.

The concerts of July 31-August 1-2 will include a number of works from the Romantic Period. On Friday, July 31, Charles Munch will conduct a performance of Berlioz' "Requiem" with John McCollum, tenor and the Festival Chorus, Hugh Ross, director. The concert will be dedicated to the memory of Dr. Serge Koussevitzky, for twenty-five years Music Director of the Boston Symphony Orchestra and founder of the Berkshire Music Center at Tanglewood. On Saturday, August 1, Pierre Monteux will conduct a program consisting of Mendelssohn's "Italian" Symphony; the Piano Concerto No. 1 with Rudolf Serkin soloist; and Wagner's Prelude and Love Death from "Tristan and Isolde."

On Sunday, August 2, Dr. Munch will again direct the Orchestra on Sunday, August 2, in Alexander Tchechernin's Fourth Symphony, Mendelssohn's Violin Concerto (with Isaac Stern soloist) and the Symphony No. 2 by Robert Schumann.

The final weekend of Tanglewood concerts (August 7-8-9) will again this season be devoted to the music of Beethoven. On Friday, August 7, Dr. Munch will conduct the Fourth Symphony, the Choral Fantasy with Piano and the Piano Concerto No. 4 Rudolf Serkin will be the piano soloist. Pierre Monteux will appear as guest conductor on Saturday, August 8 with a program including the "Fidelio" Overture, and the Symphonies Nos. 5 and 6. Dr. Munch will close the Festival traditionally with a performance of Beethoven's Ninth Symphony on Sunday, August 9. Soloists Adele Addison, Florence Kopleff, Blake Stern and Donald Gramm will assist, and will be joined by the Festival Chorus, Hugh Ross, director. The program will open

with Beethoven's "Coriolan" Overture. Tickets for all concerts are now available at the Festival Office, Tanglewood, Lenox, Massachusetts.

Casper's Hot Putter Wins U. S. Open

Hogan, Snead
Falter Sunday
In Last Round

By HUGH FULLERTON JR.
Associated Press Sports Writer
MAMARONECK, N.Y. (AP) — Almost anybody could have won the 1959 U. S. Open Golf championship if he could have shot a good final round in the wind and cold at Winged Foot.

Billy Casper won it with his first three rounds and a putter that stayed red hot through the fourth Sunday. His 72-hole score was 282. It could have been Ben Hogan, who won the British Open in worse weather conditions than these. It could have been Bob Rosburg or Mike Souchak, who were very much in the running up to the last few holes.

It could have been Sammy Snead, who had the weather had permitted two rounds on Saturday when he shot the best round of the tournament and was leading. Instead it was Casper, a paunchy, pleasant 27-year-old who has been a professional only about five years and who isn't regarded as an outstanding player from tee to green.

Tremendous Factor
The weather at the handsome 6,873-yard Winged Foot in suburban Westchester County was a tremendous factor. Within a week it ranged from scorching heat to pleasant cool and drenching thunderstorms that forced the first postponement of a round in the history of the tournament. Finally it turned up a day of strong, variable winds and low temperatures.

It didn't make much difference on the putting greens and that's where Casper won the \$12,000 top prize — and where he outdistanced Bob Rosburg took second place. During the four rounds of the 59th Open, Casper used 115 putts in putting together rounds of 71-68-69-74-282.

Three strokes ahead of Hogan at the start of the final round, Casper saw his lead begin to evaporate. Five one-putt greens sent him at the start as he backed his way through traps and the still soggy rough. He still was one under par at the 63-hole turn, but bogies on the 10th and 12th holes sent him over.

At this stage Rosburg and Souchak, playing behind, pulled up on even terms.

"After I got over par I just tried to stay even from there on," he explained afterward. "I tried to get it up there so I could sort of nudge it in."

Waits for News
He holed out for a 74, then spent 40 uncomfortable minutes awaiting his two nearest made their bids. Souchak was first. He was great for ten holes, hit a couple of bogies and came to the last three needing two birdies to tie. He wound up in a tie with his former boss, Winged Foot pro Claude Harmon, in third place at 284.

Rosburg, who got into contention with birdies on the 16th and 12th holes, came to the 16th in the same position. His long putt on the 16th rolled into the cup and out again. On the next green, a 60-footer stopped inches short of the cup. On the 18th another long one was a little short.

Hogan, whose quest of a fifth Open title faded with a 76 on his last round, and Snead, who has yet to win in 19 attempts, wound up tied with 287 totals. A stroke ahead of them were three others who couldn't produce the one low score they needed on the last day — Doug Ford, Ernie Vossler and Arnold Palmer.

The top 20 finishers in the U. S. Open Golf Tournament, which ended yesterday at the Winged Foot Country Club, Mamaroneck, N.Y., will be qualified automatically for the tournament next year.

Two Division Leaders Disqualified in State
ALBANY, N.Y. (AP) — The New York State Men's Bowling Assn. said today it has disqualified two division leaders in the 1959 state tournament because two bowlers had submitted incorrect averages used to compute handicaps.

The action cost Borelli Bleach of Rochester the team handicap championship and Frank Baldwin of Fulton the all-events handicap title. The team and Baldwin forfeited first-place prize money.

Moquette Plumber of Yonkers, which rolled 2997-231-3228 for second place, was moved to the top in the team handicap standings. Alfred White of Fulton was advanced to the all-events leadership with 1729-387-2116.

Face Wins 10th Game in Relief Maxwell Ruins N. Y. Yankees

Pirates Sweep
Doubleheader
From LA Dodgers

By JACK HAND
Associated Press Sports Writer

Who is the top pitcher among major league pitchers? It is too bad the quiz fad is over on television. A man could run up a fortune with this question.

Maybe you think it is Lew Burdette. Or Warren Spahn. Or Sam Jones. Or Early Wynn. Or Hoyt Wilhelm. You are wrong.

The name is Elroy Face of the Pittsburgh Pirates. As of June 15, 1959, he stands at the head of the class with a shiny 10-0 record. In fact, he hasn't lost a game since May 30, 1958. The only other pitcher who can say that is Bobby Feller and he has been retired for years.

Face is a relief pitcher, of course. Danny Murtaugh called for Face Sunday in the first game against Los Angeles. The score was tied 1-1 in the eighth, and Face came in and shut the door in the face of the Dodgers, striking out four while the Pirates pulled it out 6-3. They also won the second game, 5-2, Vern Law beating Carl Erskine on a pair of home runs by Dick Stuart.

Giants Miss Chance
When Milwaukee was shut out 6-0 by Chicago's Dick Drott, just off the disabled list, the San Francisco Giants missed a chance to take over the National League lead. Instead, they dropped 1½ games behind the Braves by losing two at Philadelphia 7-5 and 6-3. Gene Feese's hitting carried the day for the last place Phils with a three-run homer in the first and three RBIs in the second.

St. Louis won its sixth in seven starts 5-4 on Cino Cimoli's single with the bases loaded in the ninth inning. The opener but Cincinnati came back to get a split, 3-2. Jim Brosnan, traded to the Reds by the Cardinals six days earlier, beat his old mates.

Pittsburgh hung a defeat on Los Angeles relief man Clem Labine in the opener, breaking through for three runs in the eighth. The first two-run homer in the first started the veteran Erskine on the way to an early shower in the finale.

Freese Slugs
Giant errors by Ed Bressoud in the first game and Daryl Spencer helped Humberto Robinson and Robin Roberts win for the Phils. Roberts struck out 10 men. Drott, a 15-game winning rookie in 1957, showed his old form for the Cubs while scattering seven Milwaukee hits. He had pitched only 10 2-3 innings before a finger and was lost indefinitely to the Reds in the opener at St. Louis. won by Lindy McDaniel in relief.

Dean Moore Hits 585 in Mixer
Dean Moore fired 194-160-231 for a 585 series to lead the Hi-Lo Mixer at Ferraro's. George Magley shot 553 and Ken Steltz 530. Rose Schatzel paced the ladies with 144-201-192-537. Laura LeMay shot 470. Ada Janatos 452. Janet Moore 423.

Results: Team One 1, Team Six 2; Team Four 2, Team Five 1; Team Three 2, Team Two 1.

Gonzales Takes Tennis Tourney
LOS ANGELES (AP) — Pancho Gonzales won the Masters Round Robin Professional Tennis Tournament championship and 3,000 Sunday.

Gonzales defeated Frank Sedgman, 6-3, 6-4. This gave him a tourney record of five victories and one defeat.

Australia's Lew Hoad also had a 5-1 record but lost out because he was defeated by Gonzales. Gonzales won the tourney in 1956 and 1957.

er winding up his collegiate baseball career.

The 22-year-old outfielder, who collected only one hit in 10 at bats, Hoad had a 10-9 record last year when he was a member of the American Assn.

Morhardt, a native of Manchester, Conn., batted .362 this year.

Harshman, Hoelt Swapped by Clubs
BALTIMORE (AP) — Manager Paul Richards of the Baltimore Orioles exchanged one of his 1958 pitching reclamation projects, Jack Harshman, for a new prospect today, Billy Hoelt of the Boston Red Sox.

It was an even trade of south-paw pitchers. Hoelt was obtained May 3 by Boston from Detroit.

Harshman came to Baltimore from Chicago after the 1957 season with a question mark on his future because of a lame back. But he won a dozen last season for the Orioles.

This season, the 31-year-old Harshman hasn't been able to win a game or even finish one of eight starts while taking six losses.

This season, the 28-year-old Hoelt is 1-4. Three seasons ago, he was a 20-game winner.

Eighth Inning Homer Off Ford Wins 3-2 Game

By JACK HAND
Associated Press Sports Writer

The woods are full of Yankee killers these days. Men like Tito Francona, Gene Woodling, Frank Lary, Don Mossi. But the greatest of them all is Charley Maxwell.

They call Babe Ruth "The man who built Yankee Stadium." Well, Maxwell could be the man who tore it down.

Maxwell has hit 14 home runs this year. Seven of them were against the Yankees. Against the rest of the league he is hitting .209. Putting them together you have a man batting .250 with 45 hits and 42 runs batted in, 18 of them against New York.

"We keep this man working," moans Casey Stengel.

Maxwell did it again Sunday. Whitey Ford was rolling along with a four-hit shutout. He had a 2-0 lead with two out in the eighth. Two singles then boom. Maxwell hit a tape measure drive into the first row of the third deck in right field. That did it, 3-2. Just to rub it in, the winner was Frank Lary who had just left the game for a pinch hitter.

It was Maxwell's ground rule double that drove in the first run of the second game when the Detroit Tigers knocked out Duke Maas in a four-run first inning. They went on to sweep the doubleheader 8-2, moving into third place.

Chisox Hold Lead
Chicago clung to the American League lead by a half game. The White Sox came from behind twice to top Baltimore 9-6 and 5-2 in 10 innings, dropping the Orioles into fourth place. Cleveland kept right on Chicago's heels by beating Washington twice 9-5 and 12-6 with Minnie Minoso driving in nine runs. Boston's Jerry Casale held Kansas City to five singles for a 6-1 victory. Their second game was called off because of rain and cold.

A crowd of 50,183 saw the surging Tigers demolish the Yanks in New York. With Lary and Paul Foytack winning, Detroit finished the day only two games behind Chicago and charging fast.

Another Wynn
Early Wynn was credited with his 25th victory in the White Sox's first game. He helped himself with two singles and two doubles. A dropped ball by Bob Boyd set up Chicago's winning run in the 10th inning of the second game, giving Luis Aparicio a reprieve. Singles by Nellie Fox and Al Smith drove him around with the winning run.

Minoso had a tremendous day for the Indians with two homers, a double and two singles in the doubleheader at Washington. A total of 11 homers were hit, seven by the losers. Jim Lemon had three and Harmon Killebrew smashed No. 20 for the Indians.

Runnerup was James Berardi, who finished 10 yards from the 20th hole. Other winners included: Floyd W. Flint, 18 yards from 19th hole; Jay LeFlore, 25 yards from the 19th hole; Alvin Boice, 25 yards from 19th hole; Henry Hartley, 6 yards from 18th cup; Richard Wood, 2 yards from 18th cup and Gene Berardi, 30 yards from 18th cup.

Quadrupled Profit
NEW YORK (AP)—One play with four titles has earned Arthur Arnold Schulman about \$300,000 in 10 years, the trade paper Variety estimates. Schulman originally did a one-act version for a writing course, entitled "The Dragon's Head." He reworked it into a full-length script, "My Fiddle Has Three Hearts of Forgotten Hotel." Filmed in 1957, it was a smash hit. In this version, for television, he has a hole in the head. Next come a successful Broadway run, and the film has just been released.

Antinelli Wins 10th in Eastern
By THE ASSOCIATED PRESS
Allentown's Al Antinelli won his 10th game Sunday with the aid of Marlin Coughtry's hitting and despite Coughtry's fielding.

The win, giving Antinelli, a 10-1 record, the best in the Eastern League, came as Allentown swept a doubleheader from Binghamton 9-5 and 2-0 to move within half a game of first place Williamsport.

The league leaders got four-hit pitching from Ed Keegan to defeat Lancaster 3-0. In the only other action, York defeated Albany 9-6 in a battle of home runs.

Antinelli wasn't as effective as in the opener, giving up 10 hits. But of the five runs scored against him, only one was earned. His teammates made four errors, three by Coughtry. But Coughtry atoned for his fielding lapses by driving in three runs and a double, miking two homers, and a double. Antinelli also homered, as did Bob Tillman, making his league leading total 13.

Reading and Springfield were idle.

In Saturday's games, Allentown defeated Binghamton 2-1. Williamsport took two from Lancaster 5-1 and 6-0. Springfield defeated Reading 2-1 in the first of two and the Indians took the nightcap 2-1 and Albany and York won 5-4.

OUTDOORS Tips and Topics

CHET JOY

Active opposition by Senator Kenneth B. Keating of New York State is sparked by thinking citizens who state their views on the controversial Kinzua flood control dam project.

This 113-million dollars downstream structure on the Allegheny protects the lower reaches in Pennsylvania but does nothing for New York State. This huge sum could be more wisely spent in many upstream structures for supply and control in mountain feeder stream valleys. Thus giving protection not only the full length of the Allegheny but be enough money to go a long way for the same type projects on the Delaware, Esopus and Rondout whose floods and erosion has done severe damage since 1950.

A 26 inch 5½ lb. brown taken in the Plattekill below the Blue Mountain Reservoir at Pine Grove Memorial day weekend is the largest this year out of this stream.

A shot in the arm with some pickeral and large mouth bass would do wonders for the lower Esopus. Remember the good old days when they were really there.

But Coughtry atoned for his fielding lapses by driving in three runs and a double, miking two homers, and a double. Antinelli also homered, as did Bob Tillman, making his league leading total 13.

Reading and Springfield were idle.

In Saturday's games, Allentown defeated Binghamton 2-1. Williamsport took two from Lancaster 5-1 and 6-0. Springfield defeated Reading 2-1 in the first of two and the Indians took the nightcap 2-1 and Albany and York won 5-4.

Today's Games:
York at Springfield
Reading at Albany
Williamsport at Allentown
Binghamton at Lancaster

Glanz Captures Flag Tourney
Herman Glanz of New Paltz, a newcomer to The Twaalfskill Club circles, led the Saturday-Sunday Flag tournament at The Twaalfskill Club by placing his last shot 30 yards from the 21st hole.

Runnerup was James Berardi, who finished 10 yards from the 20th hole. Other winners included: Floyd W. Flint, 18 yards from 19th hole; Jay LeFlore, 25 yards from the 19th hole; Alvin Boice, 25 yards from 19th hole; Henry Hartley, 6 yards from 18th cup; Richard Wood, 2 yards from 18th cup and Gene Berardi, 30 yards from 18th cup.

Snow, Freezing Rain Reported In Mountains

ALBANY, N. Y. (AP) — New Yorkers shivered today in early-morning temperatures ranging from the 30s to the 50s, after sweltering last week in the 90s.

Any who ventured to climb Whiteface Mountain in the Adirondacks were greeted with snow, rain and freezing rain, winds up to 80 miles an hour and temperatures down to 23.

The highest reading yesterday on top of the 4,867-foot mountain was 32. The Weather Bureau's observer reported today that his wind-measuring "froze up and blew away."

The bureau forecast continued cool weather throughout the state at least until Wednesday. Rain dampened the eastern half today. The bureau predicted gradually clearing skies.

Sample overnight lows: Oneonta 39; Olean 40, Rome 42; Utica 43; Watertown, Massena and Elmira 44; Albany and Plattsburgh 45; Glens Falls, Binghamton and Syracuse 46; Poughkeepsie and Rochester 48; Buffalo 50; New York City 55 at LaGuardia Airport.

Driver Killed At Middletown; Car Hit by Train

MIDDLETOWN, N. Y. (AP) — An automobile hit a utility pole and swerved off a highway early today, landing on adjacent railroad tracks. The driver was found dead in the car after a train struck it nearly two hours later.

A passenger, thrown out of the car, was found wandering in a dazed condition calling for help. Police said the car driven by Bruce G. Zickler, 18, of Monticore, was struck by an Erie freight about an hour and 40 minutes after the first accident. They said they did not know whether Zickler, found mangled in the wreckage, was alive when the train hit.

The passenger, Airman Peter Poole, 21, attached to Stewart Air Force Base near Newburgh, was taken to Horton Memorial Hospital here. Poole, a resident of Somerset, Mass., said that after the car crash he tried without success to get drivers of several cars and trucks to stop and help him.

Look to Gromyko

GENEVA (AP) — The Allied foreign ministers still looked to Andrei Gromyko today for a retreat that would break the Big Four conference deadlock over Berlin and reopen the way to a summit meeting.

If the Soviet foreign minister fails to agree to continued Western occupation of West Berlin, the conference may shortly end in the complete disagreement which it has shown from the start. Western diplomats still talked of some compromise which would lift the immediate Soviet threat to West Berlin and shelve the Gromyko's proposed new one-year time limit on the Western occupation.

Business Degree Is Received by Rosendale Man

EDWARD T. HILL

Edward T. Hill, son of Mrs. Mary E. Hill and the late Joseph Hill, of 34 James Street, Rosendale, received his BS degree in Business Administration with a major in accounting, at Fordham University in New York City on Wednesday, June 10, at the 14th annual commencement.

The commencement address was delivered by His Eminence Cardinal Richard Cushing, Archbishop of Boston. Honorary degrees were conferred upon several distinguished alumni, including the Hon. Robert Moses and Malcolm Wilson, lieutenant governor of New York, who received the honorary degree of Doctor of Laws.

Hill is a graduate of St. Peter's School, Rosendale, and Kingston High School, class of 1955. While at Fordham, Hill was a member of the Maroon Key Society and Newman Club. Active in intercollegiate sports, he was a member of the Fordham Varsity sailing team. Hill also received his commission as a second lieutenant in the United States Army and will report to Fort Eustis, Va., for active duty in the near future.

Senate Leaders Debate Time for Showdown Vote

By JOHN CHADWICK

WASHINGTON (AP) — Senate leaders worked uncertainly today toward agreement on the time for a showdown vote on Lewis L. Strauss to be secretary of commerce.

Democratic Leader Lyndon B. Johnson of Texas started sounding out key senators last week on the possibility of getting a debate limitation agreement, saying he favored a vote at the earliest possible date.

At the request of Republican Leader Everett M. Dirksen of Illinois, he deferred asking the Senate to enter into an agreement. Dirksen has expressed doubt that any agreement could be reached before Tuesday or that the controversial nomination could

be brought to a vote before the end of the week.

One problem for both sides is to have the maximum strength when the showdown comes.

One Democratic strategist said his party's polls indicate that Strauss will be confirmed by a narrow margin for the Cabinet post for which President Eisenhower nominated him last Jan. 17. Since the nomination was called up for action in the Senate on June 5, after being approved by the Commerce Committee by a 9-8 vote, the debate has moved slowly and been interrupted for action on other matters.

Sen. George D. Aiken (R-Vt.) said in an interview he was disturbed by efforts he said coal and oil interests are making to get the nomination confirmed.

Sen. George D. Aiken (R-Vt.) said in an interview he was disturbed by efforts he said coal and oil interests are making to get the nomination confirmed.

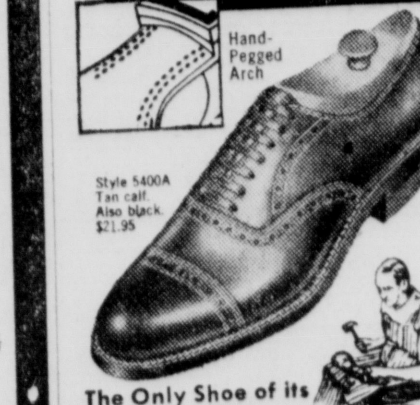

Not Out Yet

WASHINGTON (AP) — Don't count Adlai E. Stevenson or Sen. Lyndon B. Johnson (D-Tex.), out of the 1960 Democratic presidential contest, advises Sen. Mike Mansfield (D-Mont.).

But the assistant Senate Democratic leader said he thinks as of today Sen. John F. Kennedy (D-Mass.) is the leading contestant, and noted that Sens. Hubert H. Humphrey (D-Minn.) and Stuart Symington (D-Mo.) have increased their activities.

On the other side of the political fence, Sen. Hugh Scott (R-Pa.) predicted Vice President Richard M. Nixon will win the Republican nomination easily. Scott said New York's Gov. Nelson A. Rockefeller may well head the ticket chosen at some future convention.

Merchant Slays Children, Policeman; Takes Own Life

AUGUSTA, Ga. (AP)—A Florida businessman, his two children and a policeman were dead today as the result of a gun battle. Officers said the businessman, James Hofer, 34, killed the children.

Detective Edgar F. Beazley said officers were called to the home of the parents of Hofer's estranged wife after Hofer crashed through the living room window with a .38 caliber revolver in his hand.

The first officers at the scene were Sgt. Sumter Lewis and veteran patrolman Joe Reynolds, 48. They were told that Hofer was upstairs with his wife, Dorothy Bailey Hofer, and their children, Vicky Ann Hofer, 4, and Katherine Hofer, 2.

Beazley said the officers could hear Hofer and his wife talking in an unlighted bedroom. There was no sound from the children. Reynolds apparently opened the door, shined his flashlight at Hofer, and saw that he had a gun.

Policeman Shot

The officer shot Hofer, who fell to the floor. Reynolds walked over to him, and was within an arm's length from the fallen man when Hofer shot the officer. Lewis began to exchange shots with Hofer, but could only shoot at Hofer's gun flashes. Meanwhile, Mrs. Hofer fled.

Lewis ran out of ammunition and went downstairs to call an

ambulance for Reynolds and get more bullets. At least 10 more officers had arrived.

Police heard the children talking with their father, who was firing constantly while Lewis was downstairs. When he and the other officers got upstairs, the children and Hofer were dead. One of the girls was found at Hofer's feet.

When the shooting had started Mrs. Hofer's parents, Mr. and Mrs. W. L. Bailey, fled the white frame two-story home.

Had Police Record

Beazley said Hofer rented a car in Atlanta Sunday and drove 174 miles to Augusta, where he had been arrested previously on charges of disturbing the peace in disputes with his wife.

In April Hofer had been charged with kidnapping his wife in Florida while she was on the way to Pensacola, where he lived, for a divorce hearing there.
